### Alternative Asset Management

#### Private Equity

Our investments span a wide range of sectors including TMT, cleantech, healthcare, advanced manufacturing, consumer and modern services. We play a vital role in providing businesses with the capital to realize their innovation and growth potential. We create value by identifying great companies and enhancing their performance by providing long-term capital and partnering with strong management teams. In addition, we provide value-added services more than capital to our portfolio companies that include management promotion, corporate governance enhancement, strategy planning, M&A support, business development, financial expertise and capital market service, to create value for our portfolios and investors.

We invest in companies with innovation and growth potential through all stages of company lifecycle including start-up, growth, expansion, pre-IPO and PIPE, and involves in M&A activities.

#### Hedge Fund

Powtrence Capital Hedge Fund (PCHF) is one of the firm's primary businesses. Our investors include high-net-worth individuals and institutional investors, including corporate, public and union pension funds, insurance companies, sovereign wealth funds.

Our focus on protecting clients' assets is reflected in our business model, our process and our people. PCHF understands the needs of our investors for targeted investment solutions and attractive risk adjusted returns. Our process is designed to carefully select managers across a range of strategies and to create new capacity with talented investment managers. Approximately half of the assets we manage are invested in customized strategies created to meet client-specific objectives. And our exceptional team has deep experience in the disciplines needed to drive our business.
