MANUFACTURED & DISTRIBUTOR FIRE EXTINGUISHER

Fire Extinguisher Type EP-1
Dry Chemical Powder Multy Purposes
Class Fire ABC Weight : 1 Kg

ABC EXTINGUISHER TUBE SPECIFICATIONS:

1. Tube code	: EP-1
2. Overall height	: 345 (mm)
3. Tube diameter	: 84 (mm)
4. Working temperature	: - 20 s / d 60 (°c)
5. Pressure in the tube	: 15 (bars)
6. Test pressure	: 25 (bars)
7. Spray time	: 6 (seconds)
8. Distance spraying	: 2 s / d 5 (m)
9. Effective spraying	: 95 (%)
10. Total weight	: 2.3 (kg)
11. Fire rating	: 2a 10b

Description:

ABC Fire extinguisher tube with the content / media Dry Chemical Powder Fire extinguisher Modern is a very easy to use in the prevention of fire hazards.

Dry Chemical Powder

A combination of Mono-ammonium phosphate and ammonium sulphate. Its function interrupt the chemical reaction that occurs in the combustion zone, so the fire goes out. Dry Chemical Powder also has a low melting point and the particles are very dry and swell to form a barrier to oxygen can not enter so as to cover the area of

Eventually the fire will not turn on because the footing is covered by Dry Chemical Powder.

Benefits and services:

- Free shipping for purchases Fire tube JABODETABEK area apartment.
- Given demo / training how to use a fire extinguisher free for JABODETABEK (Jakarta, Bogor, Depok, Tangerang, Bekasi) area.
- Match the pressure in the tube 2 years for seal pin still intact.
- Sticker free fire way to make it easier to determine the placement area and make it easier to check the apartment.
- Do periodic checks per-6 months.

Advice and Tips:

- **Fire Tubes Apar / Fire extinguisher** placed in a place easily visible, not obstructed by any object.
- Tubes fire extinguisher within easy reach. Placement apartment not too high, not to exceed the standards of FMD 120cm or 20-30cm above the floor surface.
- To avoid the freezing media on fire extinguisher, please do 1 time-reversal pembolak tubes per month.
- Do check the pressure in the tube with a pressure check / indicators that are on fire extinguisher.
- Do check the hoses on the **fire extinguisher**.
- Do the tube cleaning her apartment to avoid rust and corrosion.
