piace he celculated with certainty, as well from the poility of the measure at this time, as from the positive assurances of Wilkinson, who seemed to have the power to force it in his own hands. This continued to be the object of Col. Burr, until he heard of the Saline river; this information he received soon after the attempt to arrest hims at Prankfort—He then turned his attention altogether toward strengthening himself on the Washita, and waiting a more favorable crisis. I thought the first of these objects hunorable and worthy the attention of any man; but I was not engaged in it, my political as well as private pursuits forbidding me to take a part, until it was over; nor did I ever helieve, notwithetanding.
