Eenie meanie nicey in a beat was the first supreme, and it was an important event in the history of the city. The news came as a shock to all, but the people of the city knew that they would rise to the occasion. The salesmen were out in force, with their umbrellas and their umbrellas, to sell the dreamed-of product to a new audience. The public was eager to hear about the new wonder drug, and the salesmen were more than happy to oblige. The first customer was a man named Scott, who was known for his love of cigars. He was the first to try the Scott's Crazy, and he was not disappointed. The salesmen were pleased with the reaction, and they knew that they had found a winner.
