> WASHINGTON, March 25, 1832. CONGRESSIONAL ABSTRACT.

In the sense yesterday, Mr. Wilkins introduced a i, on leave, to give effect to the act of the logislature of the ability to remove them. I Virginia, authorizing the commencement of the res tern medican of the Chesspeake and Ohio Canal. The bul to exempt merchandize imported under circumt nices, from the operation of the harff of 1828, was principles of human society, properly investigated and understood, always, of course, display their justness in the committee of finance. The apportionment hill and finess. Farnal views of particular inconveniens as isken up, and the motion to reconsider the vote by cies may lead to very foliacious conclusions: but a so ber consideration of the whole ground must always pay in,

tred a resolution changing the hour of the meeting world." This is an observation of Madame de Singl's, profile temainder of the session, tem 12 to 11.

In the house of representatives, the bill in addition it is by the author of "The results of Machinery," an an act for the renef of certain insulvent delices to the cosmy bereinfore noticed; who, in the present work to ded States was read a third time, and passed. The of from the senate, supplementary to the several seas. Copial and Lubour. It forms a part of "The Worksthe sale of the public lands, was read a third time, legman's Companion," and is published under the su-- amended. Considerable deliane arose on the quesis it of its pressure, which was eventually arrested by a to then for the previous question, which was mentaled. The this was then formed—your 110, noys 44. Washington, March 20.

ment satisfaction for oupressive edicts, and apologies for national insults. Weatever may be the indecision of the committee, the officer now in command of the feet is not one from whom the Chinese can expect much concession, or in whose councils they may hope

for wavering and irresolution.

Capt. Freemantle, the commander of the Challen The following horses are entered for this day, three ger, is cutrusted, we uncerstand, with an official communication from the governor general of India to the covernor of Canton, which he has been instructed to defiver to his excellency in person. Chinese pride will doubtless recoil from what is considers an unprece lented breach of a tiquette, and the governor willen doubt refuse to receive the despatch from the hands of an officer inferior in rank to himself; but, as to rank, the representative of the king of England is quite the equal of a Chinese governor, and he must not endanger the ultimate success of his mission by conceding, at the very outset, a point so important; and thus vir tually acknowledge the inferiority of the governmen which he has the honor to personate.

An able writ r, of the day, makes the following remarks, which are not unworthy of attention.
"The people at large in Great Britain, have probaby more religious and moral instruction than heretofore. but the progress of spiritual and worldly knowledge is

forms the subject of Christianity, but are not furnished with spiritual training, which alone enables the enquirer to see through it. It is a truth which cannot be too strongly insisted on, that if the powers of the intellect he streighened by the nequisition of science, professional learning or general literature, in short scular knowledge of whatever kind, without being proportionately exercised on spiritual subjects, its susceptibility of the objections which may be urged against Revelation will be increased, without a corresponding increase

From the Baltimore American. Rights of Industry .- Capital and Labor .- The cinciples of human society, properly investigated and resentation of fractions was rejected, was carried, bring us to the original elements. Nor is it necessary perintendance of the "Society for the Diffusion of Useor Francisco T. 19 for rearing letter F. L. Carey and april 12 STETSON & AVERY. at Knowledge." This reprint is by E. L. Carey and A. Hart, Philadelphia. It may be recommended to all general readers who are curious on these empers, (as they ought to be.) and will set in a powerful point of view the practiples on which capital is accumulated, brig Margaret, for sale by and its influence in employing and rewarding labor, and

augmenting the comforts of the race.
It is very common to talk of "good old times," an as history seldom presents us with the details of the UST received and for eals by the subscriber. A asking the interference of the government in favor of the domestic life of our firefathers, and poetry chiours and group as them for her particular purpose, one insensibly perts of the colorization society, which, after some marks from Mesers. Clay, listing and Chambers, as held on the "olden times" with a sort of reverse as held on the third the support of the appearance of the the support of the government during the year of the support of the government during the year of the support of the government during the year of the support of the suppo the support of the givernment curring tree years the support of th A short time was sport in the subsideration of had, however, as has been humorously observed, neither build rided break fasted on tranchers and dined on pewgiesa was ordered to be taken out of the wir down, and es, logether with numerous private ones, were read from will in a nearly person on the segment from and passed. The house restore, to come change in English, and as the people had change the first passed in English; and as the people had out only below for the winter, they were adopted to said the long offest, and therefore only tasted fiest, meat in the some articles will be sold at low prices for in the some are season. So imported no article was on the 25th mat, on a visit to Europe. He avails himboard that them will take a more season of the control of this opportunity to offer his services for any orwas derived from the Latin word "capite," bearts. It he law term "clastels," is of the same cry mology. Garen Lazabeth breakfasted on a makerd of sile; whereas it may be remembered by our readers, i For gradic Corthers.—A pady of eaugents are in the gradic Agency waiting for a Stoum Hoat, we atold to convey them down the Tenarssee river.

They contently appeared nearest to the latter character. is in agrantic agency waiting for a commencer, we have containty approach nearest to the inter-character, commencer, to the convey them down the Tennessee river, at all events, there would have been no dispute on this cent to the public. so em hour-end will ret be much nearer starting than it is about 10 y are now. We understand the reimber is about 10 y are now. We understand the reimber is about 11 consequence of all this increased counter? Nothing 1 at the accumulation of contamblides; in other words, the no y are now. We understand the number is soon a neutral north agreeter part are whose, blacks and abutoes; so much for the Indian energy atton. We obtain a north and the Indian energy atton.
