Monday morning, Feb'y., 9, 1946. THE MAILS.—Yesterday's mail brought us dute com New York to the 30th ult., and from Washing

tion New York to the 30th ult., and from Washing ton to the 31st.

By THE MAGNETIC TELEGRAPH—LATEST FROM NEW YORK—To the politeness of the Educes of the Com-mercial Times we are indebted for the subjoined in clistence, received by the Magnetic Telegraph, be ween Philadelphia and Newark. The news is fiv-tours and a half after the close of the great Souther

Mail:

From our own Correspondent.

PHILADELPHIA, Friday, Jan. 30, 1846, 2 r. x.

Per Magnetic Telegraph, I hearthat at 1 o'cloc

P M, the Money Market in New York was bete han on yesterday, when it was dedidedly tight. than on yesterday, when it was dedicedly tight. At the first board of the Stock Exchange this morning, U. S. 6's 107-1-2'bid, 108-1-4 asked: U. S. Government 5's 9'9 bid. Pennsylvania State 5's 69-3-4; Reading Bonds 70; Vickaburg Bank 8 a 8-1-4; Norwich and Worcester 63-1-2 a 63-3-7. Cotton active but no change. Flour, 9,000 bids \$5-50 a \$5-56. Weather bad—out door business dtill.

You will see the benefit of this news for your readers, giving them, when it is of impertance, a full business day shead of the mail.

The Legislatise.
This day is fixed upon by the ordinance of the New oustitution for the meeting of the General Assemby. Duties of absorbing interest and importance off probably occasion a long and sporious session ben in the outset the Legislature was matters of a neat before it. Such as the integriration of overnor and Lieutenant Governor, and the election of a United States Senator. Then will tollow the biscussion of the locality to be selected as the Seat of fovernment, and when this source of strife and dus-ord shall have been effectually settled, the Legisla-ure will begin to think of the preligious accumulation of abort matter for members—of the division of as State into Judicial districts—the classification and addication of numberless status swhich the sew asses upon which the Judiciary is established will resees upon which the Judiciary is assistant win re-pure sund of a hundred other upics upon which excellance industry and zeal will have to expensionly the commentatives for months to come. In view of the prospect of a prothected session, with abundance of hardwork, we confidly wish out law

ivers a quantum sufficit of a quality for which ede ors and mariyrs are thice distinguished—PATIRCE Congress.

Congress.

Congress.

In the Sexate, on the 29th ult. after the pressuration of numerous petitions and infomorials, the rejolution heretofore offered by Mr. Wibster, calling figure 1 and 1 feel of the United States for copies of the correspondence which has taken place between the foverments of Great Britain and the United States on the subject of the Oregon territory, subsequent to the date of his message, was taken up and adopted. Mr. Breese offered a resolution-litrocting the Secretary of the Navy to communicate after information. ary of the Navy to communicate all the informat try of the Navy to communicate and the mormation in buspossession relative to the present means of my val defence on the Northern Lakes. Adopted with Bagly's resolution proprosing certain amendments to the Constitution of the United States, was postpoured to the first Monday in Parch.

postponed to the first Monday in March.

The Senate then proceeded to the consideration the hill reported by the Committee on Naval Atlanto provide for the construction of firm was stemnels. Mr. Spenght, of Mossissopp, spike at considerationing happings the bill. If it was a war mensure was emilgely madequate. But Mr. S. dat not belief there with the least danger of war, either with fin land or Mexico. He then went alto the Dregorish and or Mexico. He then went alto the Dregorish (on, and spike in favor of the fights which the Britain had to that iterative and look occasion in. intain had in that territory, and took occasion v(er) as it was by no means improbable that it save had such effect with Mr. Pakenham as to i

in to accept that offer.
The Senate then adjourned.
In the House, Mr. Lasere, of as qualified, and took his seat. Motions were made to fix a time for the te ion of the Oregon debate, but were negat atage majorities.

The Oregon resolutions then coming up. Mr Holmes, of South Carolina, addressed the Compittee apon the spectron of tule. He contended that there was no ground of tule in the Oregon resting with an

was to ground of title in the Oregon resing with us, that Emilian did not equally participate in.

Mr. Ewing, of Tennessee, inside an able speech against giving the notice in the frame prescribed by the Committee. It was too briefland presented in to much of a spirit of unkindness to produce peace. In his view it would be war, the higheren of the were depended in strong colors. Mr. B. and that, to old, experienced, housest and calculating near, all the guarantee of the House must be entiretify designation. made of the House must be emittently disgusting conside of the House must be empirently diagnosting.

Mr. Baker, of Illinois, claimed all Oregon to 549

101 and advocated the claim, with great ramestines—

--throwing out hints that Southern men were accusated in their course by the question of slavery, sc.

The House adjourned.

The House adjourned The SENATE did not sit on the 30th ult. In the House, after sundry reports, the co on of the Oregon resolutions was resumed. Mr. Hoge, of Illinois, continued the debate in Mr. Hoge, of Bhoos, continued the debate in a peach in which he claimed the whole of Oregula Mr. Wick, of Indiana, followed depicting the effect war would have upon the Borth-west, and the world, and about almost every other subject in the wild. He said he was for the whole of Oregon and must war, or for the whole of Oregon, war or t

The resolution was then had a sade. Mr Hopkins moved that the Texas Post Diffice and Post Route Bill be taken up. The motion prevailed, and after some debate, in the course of which Mr McComell, of Alabama, dophayed a goodly portion of his characteristic rowdynam, the House ad

The Valley of the Mississippi —Under the shove the Dr. John W. Morette, a gentleman of waited attainments and high literary reputation, proposes to publish a work in two parts. The first will esistrate the history of the discovery and settlement of the Valley of the Mississippi, and in subsequent occupient, settlement and extension of Civil Government by the settlement and extension of Crvil Government by the United States up to the year 1845—in two volumes octave, comprising 550 pages each. Part the second will contain the physical geography of the Valley of the Mississippi upon a new plan of arrangement, compassing minute descriptions of the Father of Waters, as shoods and the physical charges in the delta; its great tributaries and the great river regions, the general face of the country, peshogical formation, inneral resources and natural productions, its abortunal inhabitaties and a natural productions, its abortunal inhabitaties and annual productions, its abortunal inhabitaties and annual productions, its abortunal inhabitaties and annuals.

ginal inhabitants and animals, chanare, and and agri-cultural productions. To be coupleted, like part the hirst, in two octave volumes.

This important work is one which has engaged the probund investigation of the anthor for more than ion years. His opportunities for a thorough acquain-tance with the subject have been ample, and be has brought to the labor habits of keen research, and minimals, and interest and a analytical and well educated intellect. We have not adoubt the his production will cover. and well educated intellect. We have not a doubt that his production will prove by wast interest, not merely to the inhabitants of the Yalley of the Missiaspii but to those of the entire Uplon. The first part of the "History" is nearly completed and will be put to press in the course of next Sujamer or Fall. The second part, or "Physical Geography" is also nearly builded, and will be ready for publication by the succedure Suring. It is represented to publish the work ceeding Spring. It is proposed to publish the world by subscription. The Rev. C. J. Preston, of Madi on Parish, La., is the agent for the city and State We commend him to the attention and liberality of

Terrible Shipwasek.—The Catarqui, Captain TERRIBLE SHIPWERCE.—The Catarqui, Capuain C. W. Frinlay, an emigrant ship of 800 tons sailed from Laverpaol, on the 20th of April, with 369 emigrant and a crew of forty-six persons. About 120 of the passengers were married and there were in all eventy-three children. On the 4th of August the ship went ashore in a violent gale, or a reef intuated on the west coast of King's Island, at the entrance of Bassi's traits. The ship filled in a few blours, and through the night a scene of horror was exhibited withou parellel. Before morning but eighty of the dodpany were alive, the rest having been swept into elemity by the waves. Out of the whole crew only nine were saved.

CRIMINAL COURT.-This Court was again in ses CRIMINAL COURT.—This Court was again in session on Saturday morning, and the names of those persons summoned to appear as Géand and Peut futors were called over. But sixteen members of the Petit Jury answered to their names, and they were discharged till this morning A new Grand Jury. consisting of sixteen members, was then empannelled; we give their names in another paragraph, headed "Grand Jury." Several cruninals were arraigned and pleaded "not guilty". On Saturday evening the Second Municipality police arrested J. P. Adams,

City Intelligence.

Second Municipality police arrested J. P. Adama, lating D. Hyams, who was charged with forgery. It is surmised that he has forged the name of snother party, to bills of lading and bills of exchange, made out and drawn against a shipment of 150 bales of cotton per ship Provinciatist, hence for Liverpool. The examination of this case will take place to-day.

St. Charles Theatre .- This evening Mr. Dan Marble will take a benefit, and presents an excellent bill of fare for the occasion. We trust this general favorite and esteemed gentleman may have a bumper t parting.

GRAND JURGES.—The following gentlemen were on Saturday selected by Judge Canonge, to serve as Grand Jurors for the ensuing three months:—J. B. Dolhlonde, Forenana, A. Michel, A. W. Scates, J. G. Nixon, E. Davis, E. Weyshauré, V. Dubertrand, J. R. Communy, G. Deaumart, E. Dalney, E. Plan-chard, Jr. A. Montreul, B. Beon, A. M. Platz, James Carbergen, L. Le Carpentier. They will meet at the Criminal Court this morning, at 10 o'clock, on special

\$37 Elisha Harris, (Law and Order) has been to nated for Lieutenam Governor of Rhode Island

minated for Lacutemans Governor of Rhode Island, in place of Issae P. Hazard, who declined.

Better States Cent Court.—Before Judge Me Caleb.—The pary could not agree upon a versited in the case of Simon Penare. Ever were for convention, and seven for acquittal. After being together all Friday night, they were domined on Saturday.

To-day takes place the trud of Klady, charged with manslaughter. He was pilot on the steamheat Buckeys at the time of her collision with the DeSoi, It is charged that it was owing to his crumnal negligence that that melapitholy accident one curred.

Mr. Calborn's views upon the Oregon question appear to be growing every day "stronger with the Senate.

Caurage keratis.—We find in one of the late English papers that the number of estates sold and affiguing to the service of the papers that the number of estates sold and affiguing to the service of the papers that the number of estates sold and affiguing to the service of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of estates sold and affiguing to the community of the papers that the number of the late English Language is sold to the form the paper of the age, in offering a new dation to the papers of the age, in offering a new dation to the papers of the age, in offering a new dation to the papers of the age, in offering a new dation to the hierarchy of the papers o

Before morning but eightly of the conjugate at the stock parelled and the saver. Out of the whole crew only nine were asive, the rest having been swept into elemity by the waves. Out of the whole crew only nine were asive, the rest having been swept into elemity by the waves. Out of the whole crew only nine were acceptable and the same and

A man named McCurack was charged before Recorder Baldwin with the crime of aron, was put to great expense, his business prospects runed, and his character seriously injust. The paper we replaced before us; and the main testimony addiced by the fiste to support the allegation, was but of Capt. Winters, of the police, who testified that he had for some time suspected the arone of a design to hard his premisers, as a mon of larger capital shall of capt. Winters, of the police, who testified that he had for some time suspected the accord of a design to hard his premisers, as a mon of larger capital shall of capt the main of the office in The rest that supposition, the agent of the office in which McC usack was insured earlies torily established that more property was on the premises than the Policy sovered.

The second case in that of a main who has inflicted an indelible stain on the escriberor of the State.

The second case in that of a main who has inflicted an indelible stain on the escriberor of the State.

The second case is that of a main who has inflicted an indelible stain on the escriberor of the State, during presumption existing in the public mind that his legal decisions were often subservent to his corruption; will be believed that the days elapsed after those facts were known to the officers of the State, during which the culprin never left the city, and yet no adequate (if any) incasures were instituted to secure his detention to the state, during which the culprin never left the city, and yet no adequate (if any) incasures were instituted to secure his detention to the state, during which the culprin never left the city, and yet no adequate (if any) incasures were instituted to secure his detention to the same infamous added by the substance of the particular of the same infamous added by the substance of the particular of the same infamous added by the substance of the particular of the part

then sent by the vosting poyerian to the Charity Elospital.

Previous Grand Juries have justly animal verted on the cruel system that prevails in this present, of documing persons for juil fees, as complaint appears useless, we more that public opinion will be no embaded against it, as to compet the others of the State to move in the cause of justices and humanity. The Work Houses of the State and 3d Municipalities appear near and orderly, and reflect trieds on their respective superintendency in the latter especially, the inimates appeared cheefful and contented; while the committing inagentiated has less oftonialy exercised has authority than his costriers of the 1st and 2d, at least so we should suppose from the laborate of complaint.
