"A serious quarrel has just arisen; between the Bishop of Pampeluna and the Municipality of St. Schastian. A short time since some Missionaries s gan their labors without the authori zation of the Manicipal Body. The Reverend Gentry were ordered to depart, and at the same time it was hinted to them, that if they did not obey they would be driven away by force. They from the town, and informed the faithful that they would immediately begin preaching.—On the day fixed the Muni cipality sent a company of the civil militia to the convent, who surrounder the church, and would not suffer any one to enter. The missionaries therefore departed, and the consequence has been an exchange of angry letters between the Bishop and the Municipal Body. The question has been referred to the King, and each party is employing its utmost efforts to gain a victory over

[From the Charleston Mercury,] It appears from a letter in the Cincinnati Chronicle, that the noted Isaac B. Desha, the murderer of the unfortunate Baker, is now under arrest in the Mexican Province of Texas, upon a similar. charge. The writer of the letter is declared to be a gentleman of undoubted yeracity:-

Extract of a letter from Thomas M. Drake, Esq. formerly of Washington, Ky. and now a resident in Texas.

San Felipe de Austin, July 24, 1828 "Isaac B Desha who was so long confined in Kentucky for the murder of Baker, is now in confinement in this place, on a charge of the same kind: the circumstances are these. Last Athe head of his army, if necessary. Every pail Desha arrived here on board the schooner Rights of Man from New-Orleans, in company with a man by the name of Thomas or Jhon Early, of Brown county, Obio, who visited this country for the purpose of removing his are carring on by several thousand family here. When they left here, Desh. was without funds and Early had a smart sum with him. Desha arrived in San Antonia without Early, and spent money freely. On his return to this place I had him arrested, and have sent out men to-day to examine for the body of said Early. The evidence that I have been able to collect as yet, is very strong against him, and I am very much afraid that he has murdered his companion. Yesterday he confessed to me that he was Isaac B. Desha; burnot until he had been identified by a gentleman in this country. I was satisfied in my own mind that he was Desha, from his family resemblance, and his breathing through a silver tube."
