but Mr. E. Daverger, our book Control of Mosses E. Morton Quirk and Delane Control of MAGNE & WEIRSE, Now Mortonia, 3d April 1849

Fuceday Morning, April 24, 1849. The man tailed yesterday from beyond

continues which influence and prongevey, such as remperance, exercise, a
collyagorous frame and a genial chromest monthless to account for certain tion with particular forms of Gov. to warrant the interence that a dictase and effect binds them to-his curious fact, the discovery of

en person of our Continent with America, where ared by Dr. Downer to nezwela, Guar**a**na,

West Indies, and shows

The royal mail steam packet Thomes, Captain
Ausorr, arrived in Mobile Bay on Saturday
from Vera Croz, whence she sailed on the 17th 134. She was detained thirty-six hours at V-ra Cruz, waiting for the mails, which in consequence of a norther could not be brought of from store. The Thomes brought on freight—\$150,000 in specie, of which \$35,000 is for New titles are a body-rate of the second of the thicans, one hundred and fifty bales of cochi n. al, several small packages of vanilla, and 33 bin and seven deck passengers for Mobile and ew Orleans, besides nineteen transit for Eng-

We learn from the Mobile Herald that Capt. McAlpin's company started from Vera Cruz on the route to California cal the 13th inst. All hands were well and in good spirits. Three other companies, numbering one hundred and fourteen persons, started the same week.

There is a large number of travellers starting constantly from Vera Cruz, on the same route to Cutfornia. It is said to be the least troublesome route and the same route. some route, and the expenses thence to Mazat-

system as remperance, exercises, a pournal contains a letter from Captain McAlpin-contous trainer and a genial chi-misufficient to account for certain in these conditions, recurring so deconstructly, and in such omition with particular tottus of Green which particular tottus of Green which warrant the interence that a cause and effect hands them to a coronic tier, the discovery of the Dr. Bennis, of New been neves gated by him with seeness of scriping. In one of the discovery of the transportation of our pages, The people are extremely polite, and no observations are understoned in the discovery of the transportation of our pages. The people are extremely polite, and no observations are monographs for and persevering enquirer occisions, he has taken up the subspaces of the Down is the continuous captures of the properties of the

sorty, he shows first, that to world the United States and a population. Next, he design a managration lather, extension and according to the managration lather, extension and the managration lather, extension and the managration of the mana between whom and the Government troops frequent skirtnishes with various results had occurred. By the latest accounts, it appears that the rebels had captured the town of Santa , with 1,500 men, under the com in great numbers were preparing to march upon

The Indians in Darango and the adjacer States continue to commit every species of ex-cess. P. age and murder are the calamities to which the unprotected inhabitants seem con-

in Yucatan the revoked Indians are gaining ground, and lears are entertained that that Pennisula will secode from the Mexican con-

South of the United Chrispondent of the Christon Courser says that the new official paper is to appear on the West of the Aleghany 19th June, under the name of the Kepublic. AT WASHINGTON -- The that the new official paper is no appear on the Charlesion Course says of the course of the Charlesion Course says of the Charlesion Charlesion Course says of the Charlesion Charlesion Charlesion Charlesion Charlesion Charlesion Charlesion Charlesion Charles own chain of tract, and to give the Senate printing, at profitabe rates, to the " Union," and the House printing to the " Kepublic." This is, I presume, the gress, in addition to the ordinary printing, will designate the persons to print the Census docu

the centre, in the shape of a circle, as perfect as if drawn on mathematical principles. It was, strange to say, perforated by the extraordinary hurrocane which passed over New Brunswick about sixteen years ago, levelling in its path a line of houses the whole length of the town. In one of the windows this pane was discovered, with a hole in it, and what is remarkable about one of the windows this pane was discovered with a hole in a smooth of the country and the expenses thence to Mazatian run from one handred and fifty to two hundred and fi

New Work —Our thanks are due Mr. GoMEZ, of the Patria, for a copy of an original remance by him, in Spanish, entitled "La matrimonto como hay muchos." It is a doniesic tale
illustrative of manners and customs at Hayana
and possesses considerable. illustrative of manners and customs at Havana, and possesses considerable interest. It is to be regretted, that being written in Spanish, its contents are acceptable to but a small number

THE RECENTINEERO MURDER—The eight slaves who committed the frightful murder in Concor-dia, of which we made mention last week, have een tried and found guilty of murder. were thereupon sentenced to be hung on the third day of May next. A petition to the Covernor of the State for a commutation of the sen-

share is again busy in the fields foot is now furthest advanced. This frost has and his efficient policy, for stealing at the gr given new force to argument against early planting.

the interest of the glad to assent of the contract. There is to seems, at the commencement of the commence
