In the course of the late Presidential Campaign, the N. Y. *Herald* published a military review or military of Gen. SCOTT, reviewer. The *Herald* says that this was the only really effective picture against SCOTT which appeared in 50 columns during the canvass. Of the truth of this we entertain many grave doubts, but be that as it may, the blustery of the article in question is a practical index of political genius, by reviewing the Hon. R. MARCY, as principal, and ALEXANDER PENN, Esq. M. C. from Louisiana, as accompany. Here is the *Herald's* comment of the story, which, if nothing more authenticated, may quite possibly be true:

"The following reminiscence of the Whitewash Investigation Committee, and while on its mission to Gen. Pierce's election, applied to an unknown Major Stockton, and, while on its way to join the Committee at Fort Adams, Mississippi, was overtaken by a proof sheet of the Mexican correspondence from Louisiana, brought on board by a proof sheet carrier. We do not choose to publish it in the columns of the Herald, but we have no objection to its circulation, or the circulation of the Mexican correspondence, among the friends of Gen. Scott. Mr. Penn, who is a lawyer by profession, and who, we believe, is not a practical printer, is requested to publish it, as it came, in type, from one of the most distinguished offices of the kind—Mr. Weed's—and then to send the proof sheets to Mr. William L. Marcy, who will, of course, be very anxious to see the correspondence of the Mexican service conducted. We think Mr. Marcy and Mr. Penn that if you publish it with an editorial head, announcing the object and other particulars of the document, and send a copy of it to us, and encourage us in the work, we will publish it in the Herald, and thus give it a circulation which it could not obtain in any other form. We will also send a copy of the paper to Gen. Scott, and will always take pleasure in publishing any communication which you may favor us with. We have been particularly anxious to publish the paper to which Gen. Scott's friends would be most anxious to see it, and we think you will agree with us that the Herald has a right to the first publication of the letter done in it to the military record
