FOR PRESIDENT OF THE UNITED STATES,

HENRY CLAY

FOR CONGRESS—FIRST DISTRICT

GEORGE K. ROGERS.

SECOND DISTRICT

EDWARD D. WHITE.

REPRESENTATIVE STATE LEGISLATURE

FELIX LABATUT

NEW-ORLEANS
THURSDAY MORNING, JUNE 29 1843.

FOR ALDERMAN OF THE FIRST WARD,
GUSTAVE CRUZAT.

WHIG MEETING!!!
FIRST MUNICIPALITY.

A meeting of the WHIGS of the FIRST WARD, FIRST MUNICIPALITY, will be held at the CONTI STREET HOTEL, on FRIDAY EVENING, 30th instant, at *Half past Seven o'clock.*

☞ The WHIGS of the city generally are invited to attend. ☜

WHIG MEETING.

WHIG VIGILANCE COMMITTEES ATTENTION!!!

The members of the Whig Vigilance Committees of the THREE MUNICIPALITIES, will meet this evening at the CLAY CLUB ROOM, for the purpose of perfecting the arrangements for the elections, and supplying any omissions in the organization of the party. The importance of the business ought to command the attention of every member of the various committees. Those preliminary meetings are of the last importance, and it is to be hoped that every member will attend. The names of the committee for every ward in the city have been published already.

The meeting will commence at half past 7 o'clock.—Punctuality is desired.

WHIG VIGILANCE COMMITTEES.

The Executive of the General Vigilance Committee for ALL the Municipalities, are requested to meet This Evening, at the Room of the Clay Club, on business of great importance. A general and punctual attendance is particularly desired.

EXAMINE THE TAX LISTS

We beseech every WHIG VOTER to examine the TAX LISTS personally and see that his name is registered. A large number of names, chiefly Whigs, HAVE BEEN OMITTED—whether designedly or not, we cannot undertake to determine. We know of great complaints on this subject, and we trust that no WHIG will suffer himself to lose his vote, through the neglect of the Assessors. Whigs, see that your names are on the Tax Lists, and to make assurance doubly sure, **BRING YOUR TAX RECEIPTS WITH YOU TO THE POLLS!!!**

The tenderness manifested towards the naturalized citizens by the locofoco party, *just before an election*, ought to awaken in the minds of that large and respectable class of our fellow citizens a sentiment very different from respect. The language employed in conveying the ardor of their affection for them is offensive in proportion to the need they have for their votes, and the devices resorted to, to bamboozle and deceive them, are as multifarious as the schemes of politicians generally are.

How happens it that such an haunting love for the naturalized citizen has taken possession of the Statan democracy at this time? Why are they so suddenly, all at once, to have our emigrant population take out their letters of naturalization? Has Mr. Slidell evinced through life such a warm and social regard for them, has he mixed with the sons of Erin in such generous and kindly intercourse, or held such common and unrestrained fellowship with the German and Spanish population as to indicate any real respect for, or personal attachment to them?

The locofocos seem to regard the *naturalized citizen* as governed by no fixed principles and entertaining no rational opinions. It would appear that they look upon them as persons to be attracted to their standard by placing upon their passions or turning up their prejudices. Hence we see them upon occasions like the present adopting resolutions address d exclusively to them, as though they were not part or parcel of the great American family, guided in their actions by the same love of liberty, and animated in their movements by the same devotion to our constitution and laws. Is not such a course insulting to their understandings and wounding to their feelings? Are our naturalized citizens to understand that they need the protection of locofocism to secure them their rights? Are not their franchises and liberties secured to them by the constitution? Are they not governed by the same laws and amenable to the same courts? Why then speak to them as though they were in peril?

When the celebrated Dr Dodd concluded a sermon of death upon a prisoner at the bar, by the fervent prayer of "may the Lord have mercy on your soul!", a bystander Hibernian exclaimed "an ev'nin' to you!" And may the devil do as much for you!" We would say to the locofocos, when they address the naturalized citizen, "we never knew them to express a strong affection for naturalized citizens, that they did not try to bamboozle them into voting for somebody who was not remarkable for his sympathy for, or his friendly and social intercourse with them.

☞ We hope the *Courier* does not mean to say that a native born citizen of the state of Louisiana is repudiated to fill public station. Formerly that journal used to make a great ado over the creole party. Governor Morton was elected through creole influence, and our contemporary was not backward in urging by protestations upon that ground.—But the circumstances of the case are changed.—The whigs have got creole candidates, and the locofocos have selected their's from emigrants.—What was a great recommendation last year, is now to be considered a disparagement. And it is regarded as a crime in the whig party to mention, by way of parenthesis, that Mr. ROGERS is a creole of the state.

P. S.—If friend 'Bullitt of the Bee' should be off for 'Salt River', before my return, tell him to call on TARIFF-ied at 'The Versailles Sugar Estate, up the Coast', and that he shall be as welcome as the day are long.—*Christopher Quaff.*

Ah Kit! you comical dog, it we go to Salt River this season, it will be in the execution of the pious duties of rowing you up that mysterious stream. Won't you make the days short with your jokes and your jibes? and *sweeten* our labor with a little sugar raised on Jonathan Slidell's estate?

Such coon whiggery of comery is 1840.?
N. Y. Ot. Herald.

Pray tell us what locodemy or skunkery was in that year.

SPECIAL ELECTION IN THE FIRST WARD.—An election will be held in the First Ward of the First Municipality on Saturday, to fill the vacancy in the Council occasioned by the resignation of G. Mercier, Esq. The whigs, with perfect unanimity, have selected Mr. Gustave Cruzat as their candidate. Mr. Cruzat is a citizen of great respectability, intelligence and personal worth, and is doubtless as thoroughly competent to fulfil the duties of member of the Municipal Council of any resident of the First Ward. Aware of the locofocos must be of the overwhelming whig majority in that ward, time of the city is a matter of surprise that they have attempted to offer opposition. But so it is. Seeking upon the supineness of the whigs in a ward in which they outnumber their adversaries in the proportion of nearly three to one, they indulge the hope of running as a candidate of their own, and have accordingly put up Mr. John Davis for the honor of a defeat. The only possible mode in which Mr. Davis can slip in, is to the inadvertence of the whigs neglecting to vote. We therefore warn our friends in time that the enemy is vigilant and zealous. Every locofoco vote in the First Ward will be polled on Saturday next. It therefore behooves the whigs not to suffer the election to go by default.—Let them rally in their strength, and give locofocoism a foretaste of the manner in which the voters of that staunch and faithful citadel of whig principles are determined to uphold Gustave K. Rogers on the succeeding Monday. The First Ward can give Mr. Cruzat at least A HUNDRED AND FIFTY majority.—Turn out whigs, and show the enemy that what you can do, you will do.

NAVAL.—The U. S. ship *Marion*, Lieut. Commanding Bowne, bound to Boston, arrived at Norfolk, on the 16th inst, on her way to Boston, for the purpose of undergoing repairs and being thoroughly cleaned.

The U. S. brig *Bainbridge*, Lieut. Commanding Hunter, of the Home squadron, bound on a cruise, left Hampton Roads on the same day.

GEORGIA.—The State Convention of Georgia have nominated the Hon. George Crawford, for Governor, and Hon. Alexander H. Stevens, for Congress Mr. Crawford, if we mistake not is the gentleman who gave Alexander McDougal so complete an overthrow at a special election for Congress, held in Georgia about six months since. He is a man of very high character and splendid talents, and can beat a dozen such co-ongoy as Mark Cooper.

GENERAL JACKSON'S FINE.

Mr. Rogers replied for the resolutions, premising that Legislature had no right, respecting our Senators and Representatives in Congress to vote for a bill refunding Gen'l Jackson the one thousand dollars he imposed by Judge Hall, with interest. This proposition he chose that the members of Congress he would do the same thing. But our Louisiana friends say that it is a liability, short of the merits of the question.

Well, Mr. Speaker, was once the idea of the Legislature. Did he ever go so far as Mr. Rogers does? What is doing in this. Mr. Rogers regards the money as a national debt. The case was of New Orleans at the time the fine was imposed, made a subscription of the amount to pay it. Did Gen'l. Jackson pocket the money? No—he was an officer of the General Government, acted as such, and if any reimbursement was to be made him, it should be done by the General Government. This is the principle upon which Mr. Rogers acted, and now, forsooth, he is to be trade-off for the same view of it that General Jackson entertained twenty-seven years ago!

MAJOR A. CUVILLIER.

The remains of this officer, and esteemed citizen were taken to their last resting place, yesterday evening, attended by the Louisiana Legion, Washington Battalion and a large concourse of friends and acquaintances. We do not remember to have witnessed a more imposing funeral procession in this city; and as a tribute of respect and regard, the military and civic authorities have been conspicuous by the absence.

From Corpus Christi.—The brig *Sea*, Capt Lee, arrived yesterday afternoon from Corpus Christi, which she left on the 12th. There is little of interest to be learned. Hostilities had been completely suspended between the Texian and Yucatanese troops. Many of the officers and people and the civilized visited Campeachy, and were received in a friendly manner by the inhabitants. The news published by us yesterday to the effect that the Texians have gained upon the entire evacuation of Yucatan by the Mexican troops, *bijou d'esprit*—a mere fabrication, *requires confirmation* by further news.

Commodore Moore was at Campeachy when the Spy left, about four miles distant from the Mexican fleet.

The fortifications which had been in temporary ruins, had been torn down and the gates removed. The former inhabitants of that place had returned to their usual occupations.

BURGLARY.—The house of Mr. Valentine Hoyle, on Esplanade near Constance street, was entered by the back door, yesterday morning, the side-board broken open and about $100 in specie abstracted. From the footmarks discovered on the yard, it is presumed that the robbery was committed by a woman.

OHIO RIVER.—There were *five feet* water in the Canal at Louisville on the 22d. The Ohio and all its tributaries above the falls were falling slowly. The Cumberland river at Nashville was also falling 2d the last date.

THE CATAWBA.—The fortune of the 'Catawba' will be retrieved this evening at the St Charles, and the unparalleled delight which it started on its first appearance, considering as that on second will be extended to every lover of the sublime strains of one of the great sons of the old minstrel of music.

Hon. Jacob Tallmadge, of Woodstock, Windsor county, long a Justice of the Supreme Court of Vermont, has been unanimously selected as the whig candidate for Congress from the 2d district, for nerve will be represented by Hon. Horace Everett, Hon. Judah H. Harris, of Strafford, Orange county, will become a delegate to the Whig National Convention.

The whigs of the 4th Congressional District of Vermont, at their late Convention appointed Judge Phelps to the National Convention, to be held in 1844, and Samuel W. Kenerson, Substitute. If gentlemen are reconvened from Henry C

We are glad to perceive that the Court and Municipalities have granted the petition of Mr. Gallier, to open Tivoli Circle so that the public have been kept closed.

The Louisiana Public Arena, a capital paper, has been released, and will be edited by Henry Clay.

Jerry Carr, after a patient and protracted trial, has been formally inducted as an acting tide-waiter at Chimney corner, near New Jersey.

We are indebted to the steamer *Hope* of Cincinnati for Cincinnati papers.

The Case before the Black Court.—Stephen Johnson, belonging to C. H. Jacobs, was on Tuesday last, before a jury of twelve men, in the Court of Probates, before Judge Preval, on a charge of stealing from the house of his Master, Thousand, within the contingent Fund dollars in bank notes, 100 dollars of the Louisiana 500 dollars in Union Bank notes, 300 dollars more of Bank notes, 100 dollars of the Louisiana notes, 5 dollars in silver—in all $1000. Stephen pleaded guilty. He expressed, in his confession, Eight thousand francs, from the effects of his master, but that he had restored a portion thereof, amounting, in the whole, to 1-3 of what he had received, and that he had been induced to perpetrate the theft, fearing he should be sold or be handed to Arnaud, 40 dollars in silver, telling him that he had been selling him (Arnaud) for his benefit.

He was sentenced under the provisions of the law as follows: To stand in the pillory on Lafayette square, in Public Square, between the hours of 11 o'clock and 1 o'clock, during a term of one hour, to be taken thence to the Jail, and remain there until the ensuing Wednesday to be whipped to the same extent.

Whig Convention.—At the dinner recently given to Mr. Wise in Northampton county, the following toast was drunk:

The John W. Williams.—The Hon. Henry A. Wise—May he not desert his constituents before the term, and compel them to elect a man unskilled in their peculiar rights and interests."

We propose with our part, Mr. 'John W. Jones.' Mr. Wise's recent 'desertion of the ship,' in one of his own principles, is well calculated to his constituents fear that he will 'desert' the *freighting Intelligencer.*

The Price of Negroes.—Mr. L. B. Wright, the Sheriff of Bridgewater Hinds county, has given us notice, at our office, yesterday, that he will sell 250 negroes, on the 1st of next month, at the Court House in Raymond. This is a large number to be sold at one time, in the present depressed state of the country.—*Vicksburg Whig*

Washington Irving.—It is said that Washington Irving has been left a legacy of Mr. Wm. Astor, and that he is about to retire from the editorship of the *N. Y. Post.*

The Sailor's Rest.—The

part of our paper, continued on Saturday. The brig Malabar, Captain Deane, which cleared on Friday, was visited and the fixtures of the cabin carried off. Several other vessels were also visited—among them the barque Ambiance, newly ready for Vera Cruz, but no material damage, other than a forcible entry into her forecastle. Several vessels nearly ready for sea found out the stream to prevent delay.—*N. O. Bulletin.*
