A large numfive or six States were representer more than five or six States were represented. Louisiana had a single delegate—self-constituted, we presume—Mr. Lathrup, Senatur Dova-Las, of Illinois, was chosen President. We hear of considerable injury by the floods from the heavy rain on Monday. The rational bridge across flayou Sara creek was washed a way, and, of course, the cars must stop running for some time—as it was a work of great labor and expense.

The st. Francisville Chronicle speaks of the effects of the storm as follows:

The weather—On Sunday night last and during the whole of the day on Monday, we were suited by a very heavy rain, accompanied with savere guas of wind, which has done considerable damage to the cane crop—the wind having blown it down to the ground in many places across the Bayout Nara fell in, with a tremenduce rash, and was entirely destroyed. We have not yet learned whether the proprietors will rebuild the bridge. The loss to the company is considerable.
