COOK'S REMEDY—Pectoral Paste of Peganetum, Drug gist at Paris.—Of all the remedies now known for the cure of coughs, none has ever obtained so much celebrity as the Pectoral Paste of Peganetum. It is a safe remedy, obtained by its usage in the affections of the lungs and consumption, have rendered it invaluable.

This paste relieves at once all irritations of the lungs immediately, facilitates the expectoration, and stops the cough. Among the best remedies in colds, catarrhs, &c., it will yield immediately to the use of this paste, one of the best standing in Paris, have tested its effects in many cases, and have found it no less efficacious in the first stages of consumption as the last remedy I employ.

The above remedy can be obtained at M. Martin's, Drug gist, No. 171, Chartres st.

INDIAN'S PANACEA.

FOR the cure of scrofula or king's evil, inelpient cancers, syphilitic and mercurial diseases, particularly the sore and painful affections of the bones, ulcerated throat and nostrils, ulcers of every description, rheumatism, sciatica or hip gout, fever sores and ulcerations of the leg, tetter, scald head, scurvy, biles, chronic sore eyes, erysipelas, cutaneous diseases, chronic catarrh and headaches from particular causes, habitual costiveness, dyspepsia, diseases arising from vitiation, affections of the liver, chronic inflammation of the kidneys and general debility, caused by a torpid action of the vessels of the skin. In fact, in all those diseases in renovating those constitutions which have been broken down by injudicious treatment or juvenile irregularities, it is recommended, in recommending to those diseases which arise from impurities of the blood or irritation of the humors, of whatever form or kind.

The proprietor of this valuable medicine acquired his knowledge of its ingredients from a long residence among the aborigines of this country, and it is a selection from the most approved and successful medicines which they use. It is offered to the public by the proprietor, with the consciousness that he is placing within their reach a remedy capable of relieving many of his fellow-beings, who are suffering under the various chronic and obstinate complaints to which it is applicable. To such it will prove the means, and in many cases, the only means, of relief in their sufferings, and restor ng them once more to health and happiness. This is not offered as a common remedy, that may prove and be equally good in many other cases of disease, but one which is capable of saving life in many extreme cases, when all the usual remedies fail. This it has been repeatedly tried, and the reputation it has obtained wherever it has been introduced.

This medicine has been found highly useful in many affections of the throat and lungs, and is highly extolled, and with wonderful success as a spring and fall purifier, by those who are subject to various complaints, and when used according to the directions, will in a few days bring on a necessary this Panacea, taken in usual doses, will answer all its purposes in much less time, at less expense, and in a more agreeable manner than the common diet drink.

The following certificate, out of hundreds similar which the proprietor has received, are given to show the efficacy of Indian's Panacea, in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner his superiority over other quack preparations:

Case of Uncerated Throat, Mercurial &c.

Charleston, Jan. 30, 1839.—This may certify that I was afflicted with a most inveterate disease for several years, during which time I employed several eminent physicians, both in Philadelphia and Charleston, and also took several bottles of Swaim's Panacea, and also other quack medicines. During the last winter I was taken with a most severe cold, which soon became so severe as to prevent my taking food through my throat for a week or more. I consulted my several days, consulted and threatened with abscess of the throat, unavoidable starvation, when, as a last resort, I had recourse to Indian's Panacea, which relieved me in an immediate relief, recovering so rapidly that in four weeks I found myself quite well, and have remained ever since.
