

*Dear Friends,*

*Welcome!*

*I am very excited to start the year 2011 with so many new opportunities ahead for the Hezareh Family Health Scientific Research Center to serve you. We are constantly enhancing the services we offer you because we want to be your primary Family Health Center. We make affordable health care accessible to you and your entire community, since We have been growing, and we will continue to do so. We accomplished much in the past years, and we look forward to the challenge of doing much more in the next. We invite you to come see everything we have to offer you, and make us your family's health psychotherapy home. Yours in health.*

*Our efforts over the many years without interruption, try to create a healthy psychological environment for all the families. Invention a new method for solving marital problems that name is Game Rules, for couple who has serious conflict and control them, and finally prevent of 300 couples divorce. In addition 700 cases of successful marriage, without any divorce report, are available in the center.*

*Workng on war wounded and their wives for many years, to reach a new scientific achivement that named is Sexual Response Cycle. That is use*

*For education and treatment of sex marital, and by using this method many couples who had no marital relations over the years, having a sexual relationship now and continue their married life in the best way.*

*This clinic is also successfully developed a new approach in the treatment of sexual disfunction which has 5 groups:*

*Biological / Psychological / Social / Spiritual / Sexuality.*

*Best Wishes*

*Nasrin.Tehrani Psychotherapist*
