FOR PRESIDENT OF THE UNITED STATES:

HENRY CLAY.

N. B. WORLEANS:
WEDNESDAY MORNING, APRIL 3 1844.

WHIG HEAD QUARTERS,

97 St. Charles street, April 2, 1844.

An assembly of the Democratic Whig Association of the Second Municipality will meet at their head quarters, This Evening, Wednesday, 3d of April, 1843, at a quarter past six o'clock, for the purpose of electing officers of the Association.

Col. ISAAC N. DAVIS, of Ponola city, Mississippi, will address the meeting.

Whigs generally are invited to attend

THE NORTHERN MAIL failed yesterday from beyond Mobile.

The *Courier's* anxiety to exhonorate its party from the odium of having originated and carried into effect the disgraceful frauds upon the ballot boxes, perpetrated by means of the Elliott certificates, believe it into assertions that have no foundation in fact. It was but the other day that the *Courier* declared that most of these certificates were issued before the last July election.—It was a well-known fact that the Whig party have nothing of them until after the signing of the articles of agreement by Committees of both parties to abstain from *all unusual modes of making votes*. This agreement bears date the 24th day of June—ten days before the election. It was on the Sabbath preceding the July elections that the Whig Committee represented to the Democratic Committee, that they had heard that Mr. SLIDELL and his friends had been naturalizing voters and complained of the proceeding as an infraction of the articles of agreement. It was then that Mr. SLIDELL said that he had been engaged in the business, and that he would not have signed the agreement had it stipulated against naturalizing voters; that he had an advantage, in that matter over his Whig competitor, which he would not yield. How was it possible then for the Whigs to have participated in the transaction, had they been disposed to do so?

When the *Courier* or any one else can show any authority given by the City Club to any one to have perpetrations naturalized at its expense, we will admit that we erred in stating that no such authority had been given. It was never done whilst the Editor of this paper was in the City of New Orleans, and the members of the Club have informed him that no such authority was ever given. Col. CRISEY was empowered to explain to any man who desired information respecting the naturalization laws, the solemnities required by the law in obtaining the right of citizenship. This we are assured, is as far as the Club ever went—and this is what any member of the party would be willing to do as an act of courtesy to any person making the enquiry. Even this was not done till long after the July election, before which time the *Courier* asserts that most of these certificates were issued.

Individuals who may have imagined that they had authority to act for the Club in this matter, discovered the frauds committed by Judge ELLIOTT; and two gentlemen, Col. CRISEY and Mr. LUCKETT deserve the thanks of every *bona fide* citizen for their diligence and patriotism in having the monstrosity exposed:

The *Courier* now says *fourteen hundred* of the *rights-ons hundred* certificates were issued at the request of the Clay Club—a fact that took place asserting that most of them were issued before the July elections, when it is known that the Club was not cognizant of the transactions until the day before the elections. This statement of the *Courier* though absurd in itself, as respects its charge against the Clay Club, is valuable as also *sing* the extent to which the manufacture of fraudulent votes has been carried. *Eighteen hundred* of a number at any time sufficient to override the legal votes, and deprive them of their right to select their own officers and representatives. To it to this cause of illegal voters that the citizens would confide the delicate and responsible task of making a constitution for the State? For it is but reasonable to suppose that the delegation of New Orleans will hold the balance of power in the Convention. Is it to the tender mercies of such that the dearest rights and political destinies of Louisiana are to be delivered over. We would ask all good men to pause for a moment, before they acknowledge themselves incapable of self-government. They should submit this before seeking such aid to prop the tottering fabric of government.

VIRGINIA.—The Old Dominion holds her first election on the fourth Thursday of the present month (28th inst.) on which day the counties are preparing energetically for the contest, and about the election is purely for members of the Legislature (with the exception of the two Special Congressional Elections in the district lately represented by Messrs. WISE and GILMER) the canvass has opened with uncommon warmth and spirit. For the last three years, the Whigs have been sorely fagellated in Old Virginia, the Whigs have been sorely fagellated in Old Virginia, the Whigs have been sorely fagellated in Old Virginia, and have submitted to it like cowed school boys. This time, however, they will resist the enemy to the utmost. They are better organized than usual; union and harmony prevail in their ranks, and they will make a gallant onslaught against the embattled legions of locofocoism and die if need be, with harness on their backs. We can hardly lose, for a successful Whig triumph in Virginia at the coming election. In the last Legislature locofocoism had some thirty or forty majority. A gain of a proportionate is difficult to effect. Besides, under the counsels of the Enquirer, the benighted brethren in that state are perfectly well insulted and marshalled and will turn out to a man in support of the Democratic principles. All that we anticipate is some important accessions to the Whig cause, and we enter into no doubt that the unfaltering Whigs of Virginia will cut down the majority in the Legislature more than one-half. If they do thus much, they will give an assurance of their deeds in November, when we confidently expect to behold the Old Dominion fully regenerated and placed amongst the most glorious phalanx of Whig States.

Our information leads to believe that Messrs. GOODE and CRAVEN the Whig candidates for Congress in the Bedford and Accomac district, will be elected.

KNOWN FOREVER.—A committee chosen among the friends and admirers of the drama, and composed of Messrs A. G. Carter, S. W. Downe, Thomas Bilodi, J. E. Morse, W. Brashear and Edward Sparrow, addressed a letter to this distinguished tragedian, to invite him to a dinner before his departure from our city. We regret very much that Mr. Forrest's engagement will prevent him, as stated in his answer, from accepting this testimony of esteem.

☞ A rich vein of the valuable ore of cobalt (black oxide,) has lately been discovered at Miss La Motte, Madison co. Missouri. With the exception of a small vein, erected many years ago in Connecticut, this is believed to be the only discovery of cobalt on the continent of America. This mineral is used in coloring porcelain, &c. and is the only substance known in which the coloring properties are not destroyed by heat.

THANKSGIVING PHILOSOPHY OF BOUCHWHAT CAKE.—Gluttony ordered a pudding, projected veracity, tends to dissipation; but bleeding with conscience, stimulates to virtue, producing benevolence in unity. From this conjunction springs Mince Pies; eaten do says the Boy State Democrat, and we presume Mr. Brownson will not deny the fact.

DEATH FROM SHOCK.—The New London Advocate notices a melancholy death in Waterford on the 2d inst. Mrs. Hannah Nelson, feeling unwell in the morning, went to the cupboard for a dose of salts, which she prepared and took. It was afterwards discovered that she had taken a quantity of soda used in bleaching beds. She lived about an hour after taking the poison.

CITY INTELLIGENCE.

CRIMINAL COURT.—The attention of the Court was occupied yesterday morning in hearing the argument on a motion for a new trial, in the case of John Nesbitt and Simon Edwards, found guilty of burglary. The Court overruled the motion as regards Nesbitt, and sustained the motion in the case of Edwards.

Tobias and Norris, found guilty of stealing a horse and buggy waggon, of Antony Guinnette, was sentenced to two years hard labor in the Penitentiary at Baton Rouge.

The District Attorney entered a *nolle prosequi* in the case of Robert Todd, indicted for contravening the gaming laws.

PARDONED.—Governor Mouton on Monday last granted a pardon to Isaiah Smith, who was sentenced about a month since to a fine of $1,000, or twelve months imprisonment, for an infraction of the laws to prevent gambling.

☞ The case of John Mullen, who was arrested on the charge of intimidating the Judges, and threatening to break the ballot box at the polls of the Fourth Ward, Second Municipality, will be examined this morning.

POCKET PICKING.—One of the passengers by the late line from New York to Philadelphia, had his pocket picked on board of the steamboat, of $140. Part of the sum was recovered, however, on the arrest, and for the purpose of identification, it was proposed to have the pickpocket put on board of the steamboat, by one of the passengers, but on the arrest of the latter, he was released.

ELECTIONS.—The general elections in Connecticut took place yesterday. On the same day were special elections for members of Congress in the 4th and 7th districts of Maine. The New York charter election likewise took place the same day. On the 8th instant an election is to be held in the 13th Congressional District of Pennsylvania, to supply the vacancy occasioned by the death of the Hon. Hunter Price.

MURDER.—The Paducah Kentuckian, of Wednesday last, has the following:

On Saturday last, three slaves were committed to the jail of this county, from Hilliard co. charged with the murder of their master, Mr. Stewart, of that county. Some misunderstanding had taken place between Mr. Stewart and his slaves, we understand, while in a field together and Mr. Stewart undertook to use violence on one of the negroes, when they turned upon him, overpowered him, and beat him to death."

NEW WORKS.—We are indebted to J. B. SYERS, No. 14 Camp Street, for a copy of "The Fortune Hunter," by Miss Helen Berkely, and the first number of a new novel, translated from the French, and bearing the title of "The Mysteries of London."

☞ The brig *Isaac Mead* from New York at Mobile, brought $91,800 in specie.

☞ The official vote in Allegheny county stands: Darragh (W) 4318; Gazzam (L) 3241; Craig (Abolition) 634.

WHIG PROSPECTS IN SOUTH CAROLINA.—The New York Express of the 31st instant, contains a very interesting letter from Edgefield, South Carolina, from which we make the following extract:

The prospects of the Whigs have never been so flattering in the Palmetto State as at present, since the eventful period in South Carolina politics when the Nullifiers seceded, in order to force
