Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so compound that disease within the range of their action can rarely withstand or evade them. Their powers to promptly banish and cure most of the derangements of the human organism, including the stomach, bowels, blood, liver, and kidneys, is truly wonderful. As a consequence of this action, the invalid who is bowed down with pain or physical debility is accustomed to find his health or vigor restored by a remedy as cheap as simple and loving.

Not one day do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of the most remarkable cures of the following complaints: *Costiveness, Heartburn, Headache, arising from disordered Stomach, Nausea, Indigestion, Foul Breath, Dysentery and Diarrhœa, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints arising from a low state of the body or derangement of the functions. Whilst we exhibit alterative for the renovation of the blood and the restoration of tone and strength to the system, we solicit a trial.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and often despaired of diseases of the lungs by its use. When once tried, its superiority over any other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate as to the physician they employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior preparations, from the confidence they have fallen and been discarded, this has gained friends in all directions, and conferred benefits on the afflicted they can never forget, and received cures too numerous and too remarkable to be forgotten.
