1	Sep 13, 2012 3:15 PM	afternoon was a little un focused. Could have stuck to subject more. Having laptops for morning was great. But for discussion, they were a distraction- better to have discussion in different setting.
2	Sep 13, 2012 3:12 PM	Approach is a bit unstructured, i liked the beginning where we got to edit right away but i feel the philosophy/ cultural staff needed better structural approach.
3	Sep 13, 2012 3:06 PM	specific editing exercises e.g here is an article, you have x minutes to improve it. Followed by a realistic returning process through the talk page with members of the group.
4	Sep 13, 2012 3:02 PM	perhaps move at a slightly faster pace and cover more material
5	Sep 13, 2012 3:00 PM	n/a
6	Sep 13, 2012 2:58 PM	what worked best was when it was clear who was leading the session, this tended to have more direction than others chipped in often with more minor points.
7	Sep 13, 2012 2:55 PM	provide basic 'how to..' introduction for people to try before attending so more time can be spent on more in-depth/theoretical aspects of editing.
