Opiat Balsamique du docteur Guerrero.

CET opiat, nouvelle decouverte, est un remède essentiable et infaillible dans la maladie appelée Gonorrhée ou Coulante. Sa réputation est établie dans toute l'Amérique du Sud, et des temoignages des divers feuilles du médecine de cette partie du globe attestent les prompts et infaillibles résultats de ce remède dans tous les cas de Gonorrhée.

Cet opiat balsamique est contenu dans des petits pots de plomb, avec une instruction sur la manière d'en faire usage. Il peut être facilement porté dans la poche soit par les personnes en voyage, soit par celles qui ne veulent pas faire connaitre leur situation à un médecin ou à leurs amis.

Cemédicament est sous la forme d'une pâte agréable, et se prend d'autant plus aisément qu'on n'y trouve aucun goût, puisqu'il se trouve enveloppé dans une espèce de pain à cacheter propre à cet effet, et dont on délivrera toujours, avec le médicament, une quantité suffisante. Mais ces plus grands avantages sont de produire constamment et en très peu de tems une guerison infaillible, sans attaquer le tempérament le plus delicat, car le remède ne contient pas la moindre particule de mercure.

Avant d'offrir cet opiat au public, l'agent en a fait constater l'efficacité par plusieurs des plus célèbres médecins de New York. Le succès qu'ils ont constamment obtenu par son usage les ont engagé à déclarer que c'est le meilleur remède qu'ils aient jamais employé et ils ont généreusement consenti à répondre de la vérité de ces assertions.

PRIX—$1 00 le pot, à vendre chez les consignées pharmaciens droguistes, seuls agents de ce remède dans l'Etat de la Louisiane.

OPIATA BALSAMICA,
DEL DR. GUERRERO.

THIS OPIATA, a recent discovery, is a certain safe and convenient remedy for that species of disease called Gomorrhoea or Gleet. Its reputation has been generally established in South America, and has commanded the written testimonials of the Medical Faculty of that section of the Globe, relative to the speedy and infallible results which have attended its application to all cases of Gomorrhoea.

The OPIATA BALSAMICA is put up in small leaden pots, accompanied with directions, and may be conveniently carried in the pocket, both by persons travelling, and by those who may wish to avoid exposure, either to a Physician or to their friends.

It is in the form of an agreeable paste, and is taken in such a manner as to render it "tasteless," by being wrapped up in a wafer or paper for that purpose, a sufficient number of which will be delivered with the medicine. But the greatest advantage which it possesses, is, that it invariably produces a radical cure of the disease in a few days, without affecting the most delicate constitution; owing to its containing the slightest particle of mercury in its composition.

Before the Agent would offer it to the public in this country, he has had its efficacy tested by several of the most respectable physicians in the city of New York their success has fully justified the declaration, that it is the best medicine they ever used, and they have in consequence, generously consented to be referred to as to the truth of this statement.

Price—each pot, one dollar and a half. It is sold by the subscribers, chemical druggists, sole agents for the sale in Louisiana,
