Programme. In Jes Adieux de Marie Peart, for the Piane ... Goria.

Played by Mons, Delcroix.

-The Carnival of Venice, for the Piano Pchuloff.
Played by Mona: Deleroix.

THE DAILY BEE.

FRIDAY MORNING, APRIL 11, 1866.

in the posting and magnifered polymer of the control of the contro

expected value and importance.

Servey-and-use of the Recognition in Kanization. Perhaps when that party was its infancy, stability for existence, as our of searcy as all importance in the property of the party which a few party was the property of the party which a few party was the property of the party was a serve of the party was a serve of the party was a serve of the party of the party was a serve to foot. It reversely the property of the party was party greated for an open control of the party was party greated for a control of the party was party greated for an open control of the party was party greated for an open control of the party was party greated for an open control of the party was party greated for an open control of the party was party greated for an open control of the party was party greated for an open control of the party was party greated for an open control of the party was party greated for an open control of the party was party greated for an open control of the party was the party was party greated for an open control of the order for failure of the party was the The errors of the past are irretrievable. The American party has goled judiciously in endeavoring to improve the present, and secure the future. Its abbigation of accresy will deprive its opponents of the opportunity of cleverly insinuating many a figure of the imagination, while adroitly enlesting the natural antagonism of a free people to secret political monettees. An outbloomd organization it has ceased to be not we treatment that hereafter any

and we presume that nervater any libe to the subscribing to its principles will be encodered members of the party, even as formerly men avowed themselves attached to the Whig or Penmeratic party, or without making any profession of fasts, sustained either party at the ballot-box. o a young kinsman proposing to join the hurch of Rome. By E. H. Derby. Jewett & o., pashishers. This volume embraces an laterate review of the claims of the church

mall interest to the popular reader.
