Nothing "Just as good"

Cut Out the Jumps!

Have you "the jumps"—or other manifestations of nervousness? Are you easily confused or startled at unexpected noises or sounds? Do you worry or fret over trifles? Then look to your nerves. Something is radically wrong with them.

Upset nervous conditions usually result from some exhausted or impaired bodily organ, which does not properly give its allotted service. Go after the offender through that great recuperative center of the body, your stomach.

Ask your druggist for DR. CHARLES' TONIC TABLETS. They are the very best of preparations to build up and strengthen the system and to relieve nervousness, indigestion, and other ailments.

LEM-SAL CHEMICAL LABORATORY

Baldness Conquered

RECIPE MAILED FREE

A veteran business man, who was almost completely bald and had tried numerous tonics, lotions, shampoos, etc., without benefit, came across, while on a journey, an "Indian" recipe by which he grew a complete crop of healthy, luxuriant hair that he now possesses.

Others—men and women have reported remarkable hair growth by the same method. Whoever wishes the recipe may obtain it free by writing to John Hart Brittain, Box 222, Station 37, New York, N. Y. Or obtain a box of the ointment, Kotalko, made according to the perfected recipe, at the drug store, ready for use.

Indians' Secret of Hair Growth

In a vast number of cases, when hair falls out, the roots are not dead, but remain imbedded in the scalp, alive, like seeds or bulbs, needing only fertility. The usual alkaline shampoos, alcoholized hair tonics, etc., are of no avail in such cases. The "Indians' ointment" nourishes the hair and stimulates the growth.

Kotalko fertilizes the scalp and induces hair growth in every case possible; wonderful results are reported. If you are bald, or losing hair, or have dandruff, you should use Kotalko. It is a pleasure to observe the starting of new hair and its steady increase until a prolific growth supercedes this hair or baldness. Cut out this notice; show to others who want beautiful hair. The recipe is free. This is genuine.

SPECIAL TEACHERS FOR ILLITERATES

ADULTS CAN GET INSTRUCTION DURING JUNE, JULY AND AUGUST.

Baton Rouge, La., Feb. 7.—Special teachers to teach adult illiterates to read, write and cipher were urged of the parish school boards by T. H. Harris, state superintendent of education, in a recent tour over fifteen parishes. These teachers would be used during the months of June, July and August. The move was caused by the large number of adult illiterates in the state.

Superintendent Harris also made other suggestions to the parish boards and found all disposed to cooperate with him in all matters. Among his other suggestions was the appointment of supervisors for elementary grades, especially in the country schools. These supervisors must be competent men who will visit the class rooms and see that the work is properly done. The reason for this reform is the necessity of a good foundation in the elementary grades.

More negro schools also were urged. In order to supply teachers for this work a number of parishes have been asked to organize negro teachers' training schools for three months during the summer. One half of the expenses of these schools will be paid by the state. Superintendent Harris also pointed out the large number of children in the state who are illiterate. He said the parish school boards should make an effort to teach these children, negroes and whites, and to give them a good education.

WINESTERS WELDED REPORT TO LAW AND ORDER

The resolution was unanimously adopted when offered by Dr. D. Mont, read:

"Be it resolved by the New Orleans Ministerial Union:

"That we view with righteous indignation the lack of faithful law enforcement in our city as revealed by recent events;

"That we rejoice in the moral sentiment being aroused and the official and popular determination to wield the sword of justice and private welfare of our citizenship, and pledge our hearty support to all steps taken for the vindication of law and order."

NEW ORLEANS TO HAVE NEW FLEET OF TEN SHIPS

A fleet of ten steamers, each of at least 10,000 tons, will ply between New Orleans and European ports upon the inauguration of "The Steel Line," according to an announcement Friday night by Neal M. Leach, vice-president of the J. H. W. Steel Company. Coincidentally with this it also was announced this company had purchased the building in Common street, between St. Charles and Camp streets, now being used by the United Fruit Company.

"The Steel Line will be the first steamship line owned locally and with headquarters in New Orleans," said Mr. Leach. "New Orleans will be the home port of the ten ships, and they will be used exclusively in taking cargoes from this port."

"The steamers have been assigned to our company by the United States Shipping Board and will be used entirely in the European trade. Practically all of them are new ones, built by the Shipping Board. The first to be received by us was the Challenger, which cleared a few days ago for Havre, France, with the fourth largest cargo ever sent from this port."

TO SOUTH SAYS GORGAS

"New Orleans is the gateway to this continent for the Latin-American nations, and it is my personal opinion that the city is on the verge of tremendous development within the next few years."

This was the assertion made by William C. Gorgas, former surgeon general of the United States, who arrived in New Orleans Monday night from Guatemala, where he was supervising the efforts to overcome a yellow fever epidemic.

For Surgeon General Gorgas is on his way to Washington for a conference. He will return later to South America to help in the fight on another yellow fever epidemic.

ORPHEUM

A vaudeville act with two new acts as to be seen at the Orpheum. A notable sketch written by Richard Madden, and staged under the direction of Emily Ann Wellman and Jack Morris, a vivid glimpse of the fighting across the sea, is headline number one, while Mae, Dorcas, Genesius, "Impressions" and "The Greatest Operatic Artists," including such high-brows as Caruso, Amato, Pianon, Mihal, Tetraxini, Testini, Bonet, and Scotti constitutes a second, but none the less interesting headliner. Others appearing on the current bill are Herbert Clifton in "Trayesties of the Weaker Sex," Helen Gleason & Company, "The Submarine Attack," Mike Bernard, "Peer of Ragtime Pianists," Frisco, "The Wizard of Synopgation," and the Florenzo Duo, "Something-New in Magic."

CRESCENT

A picture that will appeal especially to the feminine sex is to be seen at the Crescent. What girl has not dreamed over her "Hog's Chest"? Dorothy Gish as the heroine of this picture is very appealing. Headlining the vaudeville bill are Guy Woodward & Company a clever pair in patter and songs, Argubly Brothers, clever gymnasts who do some exciting stunts on the horizontal bars, Rosie Rife, & Mickey, "Sharpshooters of Ability," who display remarkable skill as marksmen. Hayes and England are an amusing comedy pair, and Jack and Hewitt, well popular vaudeville favorites who add their bit to the entertainment.

PALACE

Several high-class vaudeville acts and a photoplay featuring Virginia Pearson, in "Love's Auction" provide the entertainment at the Palace. As a headliner "The Singing Teacher," a comedy skit portraying the life of an up-to-date New York music master, is interesting. Walter Weemes in "Southern Humor and Stories," Herbert Lloyd and Company, in a clever comedy travesty on present day topics, Laurel Lee, the "Clummy Comedian," and Blanche Sloan, sister of the famous jockey, Tad, are good fun dispensers and clever entertainers.

TULANE

The revival of the most famous of the comedies beloved by an older generation of theatregoers, "The Auctioneer," with David Warfield appearing in his remarkable creation of Simon Levi, is the attraction of the Tulane. Mr. Warfield's character specialties have brought him fame as a portrayal of pathos and sentiment. There are several players in the present company who

RECEPTION PLANNED FOR NATIONAL WOMAN'S PARTY PRISON SPECIAL TRAIN

The newly elected state committee of the National Woman's party held an executive meeting Monday at the Louisiana headquarters to work out details of the reception to be accorded the "Prison Special" of the National Woman's party, which arrives in New Orleans February 15.—Mrs. E. J. Graham, state chairman, is presiding.

The officials in charge of the state work are Mrs. M. R. Bankston, member of the National Advisory Council for Louisiana; Mrs. E. J. Graham, Mrs. P. J. Friedrichs, Mrs. W. J. It is expected that the state organization will give a luncheon on either the twenty-six women who are to arrive in a fortnight. A large committee of men and women. It is announced, will welcome the suffrage visitors, from not only New Orleans, but other parts of the state.

Among the southern women who make up the personnel of the special car are Mrs. Mary A. Nolan, the Florida suffrage pioneer; Mrs. Pauline Adams of Norfolk, Virginia; and Mrs. Frederick Walker and Miss Gladys Greiner, of Baltimore.

UNCLE SAM SUPPORTS HOME OWNERSHIP PLAN

The United States government desires to encourage the buying or leasing of homes by everyone, not only in New Orleans and Louisiana, but throughout the United States.

At a meeting of the National Home Ownership Council, held in New Orleans, Feb. 7, the following resolutions were adopted:

Resolved, that the U. S. government should encourage the buying or leasing of homes by everyone, not only in New Orleans and Louisiana, but throughout the United States.

Resolved, that the U. S. government should encourage the buying or leasing of homes by everyone, not only in New Orleans and Louisiana, but throughout the United States.

JACOBSEN EXONERATED AND BACK ON THE JOB

Hans A. M. Jacobsen is back on the job.

He was exonerated completely by the secretary of labor from all charges made against him, he said Tuesday morning, a few minutes after stepping from the Washington train. He is now federal director of the United States Employment Service and was never removed from that office, despite the reports to the contrary.

Further than that, Mr. Jacobsen would say nothing. "Let bygones be bygones," he commanded.

\$16 A WEEK NECESSARY FOR WORKING WOMEN TO LIVE DECENTLY

Washington, Feb. 7.—The minimum wage board of the District of Columbia, created by an act of congress, has ruled that \$16 a week is the lowest amount any working woman can live on in the nation's capital. The board reports that of this amount \$9 is necessary to pay for room and board. It is stated that a majority of working women in this city must be content with a room often poorly heated and shared with one, two, or not infrequently three other women.

"The board will attempt to apply this minimum in each industry and the first will be the printing and publishing industry.

It is stated that twenty-five women in this industry are receiving less than \$9 a week, 131 less than \$11, 245 less than \$13, 343 less than \$15, with the remaining 125 of the 448 women employed in this industry receiving \$15 or more.

Meetings of these workers will be held for the purpose of electing a committee to meet similar committees representing the employers and the public.

FEW WOMEN PAID \$20 A WEEK IN NEW YORK

New York, Feb. 7.—The percentage of women in this state paid \$20 a week or more is small, reports the state industrial commission. In paper box and confectionery factories only two per cent reach this wage; in shirt and collar factories, 5 per cent; in mercantile establishments, 8 per cent, and in cigar and tobacco factories it is as high as 21 per cent. Girls under 16 are not included in the report.

These statistics include not only working women, so called, but every woman on the pay roll of the various establishments, except those working half time in mercantile shops.

The investigation covered reports of actual earnings for one week in November or December from more than 600 establishments with over 60,000 women employees in stores and in four factory industries. Commissions and bonuses were also counted as earnings.

The Picked Army of the Telephone

The whole telephone-using public is interested in the army of telephone employees—what kind of people are they, how are they selected and trained, how are they housed and equipped, and are they well paid and loyal.

Workrooms are healthful and attractive, every possible mechanical device being provided to promote efficiency, speed and comfort.

Good wages, an opportunity for advancement and prompt recognition of merit are the rule throughout the Bell System.

Ten billion messages a year are handled by the organization of the Bell System, and the task is entrusted to an army of 200,000 loyal men and women.

No one of these messages can be put through by an individual employee. In every case there must be the complete telephone machine or system in working order, with every manager, engineer, clerk, operator, lineman and installer co-operating with one another and with the public.

The Bell System has attracted the brightest, most capable people for each branch of work. The training is thorough and the worker must be especially fitted for his position.

These are some of the reasons why Bell telephone service is the best in the world.
