MITTED TO THE NEW ORLHANS BES.] CONGRESSIONAL PROCESDINGS. teport of the House Committee on Fer algn Affairs on the Acquisition o Cube.

WARRINGTON, January 31.—The House report of the Committee on Foreign Affairs upon the acquisition of Cuba, as prepared by Mr. Branch, of South Carolina, traces the various acquisitions of servicing by our government from the Revolution to the present

none.

The committee say this exhibit is made to show that we can afford to pay a liberal price for Cuba, and not to excite the cupidity price for Cues, and not to scientification of our citizens.

The report says the native white population of Cube eagerly desire annexation to the United States, and that no civilized people, a majority of whom are averse to our institutions, ought to be taken into the Union.

CONGRESSION AL.

Washington, January 31.—Senate.—In the Senate to-day a resolution in relation to Commodore Packing was under consideration, when Mr. Hunter interrupted the discussion by calling up the Indian Appropriation bill. by calling up the Indian Appropriation bill some recognition of the recognition of the recognition of the release of the suspension of the release for the purpose of introducing a presemble and resolution against the foreign slave trade.

The House refused to suspend the rules by a vote of 115 years to 84 nays—a two-thirds vote being required.

The introduction of a bill authorizing the President to effect a loan of \$20,000,000 was also refused.

def that I folt convinced the relations between the two governments were perfectly amicable, and that they could run no risk of being troubled. This condence of the queen's government still subsists. In its relations with the United Convinces of the queen's government still subsists. In its relations with the United Convinces of the queen's government at a subsist. In its relations with the United Convinces of the government of a great people ought to be dead of the government of a great people ought to be for the government of a great people ought to be for the government of a great people ought to be for the government of a great people ought to be for the government of a great people ought to be for the government and veritable restoration. If the power of Spain be not great enough to meason it is strong enough to defend the integriped of the government and veritable restoration. If the power of Spain be not great enough to meason it is strong enough to defend the integriped of the government and the great state. In whatever circumstances the Spanish nation may find itself, it will in the future, as in the past, never be insensible to its honor—never will it shandout he smallest portion of its territory—and a proposition having that tendency will always be considered by the government as an insult to the Spanish people. (Approhation.) The sentiment of nationality, which was supposed to be beakened, and by our intestine discords—this sentiment; the source of high deeds, and of generous and heroic inspirations, displays now new rigor, and is increasing in such a way that, whilst we will never be aggressive, and never sapire to dominate, we will never allow any encroachement to be made on the inheritance left us by our fathers. Approbation, it is a several other minent members representing that discords of the same of the particular discords and ordered to be inactive with a strangent of the several other minent members representing that discords affects the national honor. Suppose that it has received with ast

Journals employ similar language.

AUSTRIA.—The official Descriptional announces that reinforcements will go from that city to the army in the Lombardo-Venetian Kingdom. It is expressly said that the troops are sent for the protection of the peaceful inhabitants of the kingdom against the revolutionary party.

The Vienna Gazzife states that the project of concentrating an imposing force on the frontier of Servia, and the execution of which had been commenced, has been countermanded.

Gentl.—Dates from Valparaiso are to the first the first of the commenced of the countermanded.

had been commenced, has been counter.

Great depression prevalled at Vienna, and disquisting rumors were rife.

The object of the conspiracy lately discovered at Cronow was to recover the independence of the rapublic.

The Empéror Napoleon's observations to the Austrian Minister were known at Vienna on the 3d, and had created a sensation on the Bourse, but the details are scanty.

The Jesus at French and the scant of the constant of the scant of the scant

NEW ORLEANS, TUESDAY MORNING, FEBRUARY 1, 1859.

she can be the server in the polar to compare to represent the report in the content of the server in the server in the server in the content of the server in the server

A rumor had been current in Paris that Milaa was in a state of siege, but it lacked confirmation.

The Paris Patris publishes a letter from Milaa, dated the lat instant, which, it observes, contains a statement so serious and so strange, that it publishes it with every reserve. It is to the effect that some bodies of the people passing by the barracks, cryling "Free I Rafe," were responded to by the soldibrs within the barracks with a similar ware treated with contumely, and the latier were for opinion that there would be an outbreak.

The join and military authorities at Milan ware treated with contumely, and the latier were for opinion that there would be an outbreak.

The garrison of Pavia having been augmented by 700 men and 4 guns, it was stated that the University would soon be reopened. It was expected that on the return of the students, collisions would very likely take place. Every precaution was being taken, and Pavia was aimout in a state of siegs.

The Nord publishes a telegram from Geno, stating that the agitation was increasing there, and that a report continued to be offered to the form the procular geographical position, oharacter, population, and mode in which may, which is almost indispensable to us for the protection of our commerce, and which may, which is almost indispensable to us for the protection of our commerce, and which may, which is almost indispensable to us for the protection of our commerce, and which may, which is almost indispensable to us for the protection of our commerce, and which may, the simply as to Bpair would deprecate. This governed, lead at any time to a rupture twick both nations would deprecate. This governed lead at any time to a rupture which both nations would deprecate. This governed lead at any time to a rupture twick both nations would deprecate the commerce and which may, the surface of the form the protection of our commerce, and which may the simple of the form the protection of our commerce, and which may to be suffered to the form the protection of our c shie than in 1848."
Should war break out in Europe, Spain can garcely hope to escape being involved in it, and the Cubana may saize the opportunity to proclaim their independence. Further, one minimizer will not broach the subject of

se Mariposa claim, and spally grave insult to, the Spacish named government to set at, on the ground of inferred to the Ab.

Maribal O'Donnell declared that the government was disposed to demand due satisfaction for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station for such an insult; and then said: I station that we have been in office our relations would be less than men if they were contented with the greater of the United States that there relations were to the thelatats.

ORTH CAROLINA

SED.

30.—The steamer station in this city of the Angico Americe claims of the United States that there relations were to the United States that there are such that I feel the week ending States that the city and the committee of the said the city and the Committee of the titled states that the great of the state of the said the city and the Committee of the United States that the great of the United States that the great of the United States that the great of the said the city and the Committee of the said the city and the Committee of the united States that the great of the said the city and the Committee of the United States that the great of the said the city and the Committee of the united States that the great of the said the city and the Committee of the united States

desires anexation. The report then proceeds at considerable desires anexation. The report then proceeds at considerable length, to discuss the bearing of annexation of the slave trade, arging that "that tilegal trade in now commend to the upper seems (like, who was the the Parish Prison wasting to now commend to the proceeds to restripate the slave trade may find in their aympathy for the African an incentive to support this because the slave trade may find in their aympathy for the African an incentive to support this because the first of the slaves were under the slave trade may find in their aympathy for the African an incentive to support this because the first of the slaves were under the slaves were distinct from the different elements adding that the annexation would increase the comforts of the slaves. Next, the circumfecution of Hispano Cuban diplomacy is referred to and condemned. Statistics are cited to show the value of the island, especially as it would give us the monopoly of sugar, and finally prochase is recommended one, as a measure of the value of the island, especially as it would give us the monopoly of sugar, and finally prochase is recommended one, as a measure of the value of the island, especially as it would give us the monopoly of sugar, and finally prochase is recommended to the committee the President has announced that no correspondence has been exchanged, and he stee occasion to repeat that any negotiation should receive the prior sanction of Congress.

This emphatic reference is sufficient to the president of the monopoly of sugar, and finally prochase is recommended to the committee of the whole of the president of the president of the committee of the proposal to the president of the president of the process of the president of the proposal to the president of the process of the president of the president of the president of the process of the president of the p
