Today is a good day. There's no Nuru. The Darkness of the Earth has come to roost. I wish I was a writer. It would be a good day.

Last Monday I witnessed great injustice. There was a plan to kill. By medicine. Much like a seance done 20 years ago. We hear ARVs prolong life. I suppose...Health is simply decisionmaking and being a Vampire is a farce. Why don't vampires go for other vampires blood.

I've told you several times before I own Restraint News Network. I Paul F Onyango. I repeat it's been a journey.

Nuru Gizani is a World predicament. Nuru Gizani was Jesus made.

It's a joke when people think they can usurp royalty. Restraint News Network is a one man show much like Nuru Gizani. Jesus was the first initiator of this Kingdom come. And it did not matter whether outsiders died like dogs. Jesus was the CornerStonerejectedfor the Houseto limp.

Sothe Stonemasonnow Says I take your Salary and supervise youyet Jesus gives you twenty years to show how managerial and smartly dressed in a cush office u are. Today that time is up you've had your fun you've experienced for twenty years as a stonemason what the previous topmost level persons have ever experiencedthemselves.

Now what have you to showyourselfof20yearsJesusasks?

Some of your had 10millionKenyanmoney BankAccount when former proper workers like Jesus who you usurped never saw that.
