

“BALONI” Group Profile

We, “Baloni Engineering Pvt. Ltd. (Baloni Group)”, are a reputed firm, involved in **Sale, Purchase & Renting Services** of a wide range of **DG Sets & Submersible De-watering Pump, Sewage Pump and Sludge Pump**.

We are “Sonalik’s” **OEM (Original Equipment Manufacturer of Sonalika DG Set)** and manufacturer of **Submersible Dewatering, Sewage & Sludge Pump**.

The range offered by us encompasses from **5 KVA to 62.5 KVA Dg Set and 1 HP to 50 HP Pump**.

Apart from these, we offer **Hiring & Renting Services** to our customers a wide assortment of **DG Set and Submersible Pump**. To meet the customers' requirements, we offer these equipments and products in variegated sizes and specifications.

Additionally, we provide **maintenance and repairing services** of our offered equipment and products.

Under the visionary guidance of our mentor, 'Mr. Prakash Baloni', we have been able to climb up the ladders of success in this highly competitive market. His charismatic managerial skills, detailed industry knowledge and vibrant leadership qualities have enabled us to win the faith of numerous customers across the market.

Sales & Purchase: New / old DG sets and Submersible Dewatering, Sewage & Sludge Pump.

Rental: Per Unit Basis / Monthly Rental / Short Term Basis

“Sonalika” DG Set

- Best in class fuel economy. i.e. **SFC of DG is lesser than competitor**
- Eco Friendly
- Lowest in Lub oil Consumption (**0.09% of fuel consumption**) resulting in longer life of engine
- Low Exhaust emission value. I.e. Eco-Friendly. **Engines** meets the USA - EPA (American Environmental Protection Agency) standers
- Enriched block loading capacity to bear jerk Loads. **DG can be subjected to 60% block load** as it generates the required torque to withstand with.
- **A-1 Class Governing** so as to facilitate different loading cycles & load with same efficiency.
- **Dry Type Air cleaner with 99.3% filtration efficiency.** Outer element provides the filtration & inner one act as safety element.

Engine Model	Sonalika Engine	BHP	DG Rating (KVA)
2105 GL	4 Stroke, 2-Cylinder, NA	24.3	10 & 15
3100 GLI	4 Stroke, 3-Cylinder, NA	30.4	20
3100 GL	4 Stroke, 3-Cylinder, NA	38.5	25
4100 GL	4 Stroke, 4-Cylinder, NA	48.7	30 & 35
4100 GLT	4 Stroke, 4-Cylinder, TC	58.8	40 & 45
4105 GLT	4 Stroke, 4-Cylinder, TC	72.1	50
4105 GLTI	4 Stroke, 4-Cylinder, TC & IC	90	62.5 & 75

“Baloni” Pump

We, 'Baloni Pumps' are engaged in manufacturing and supplying a vast collection of **Submersible De-watering, Sewage & Sludge Pumps.**

1. **Light weighted portable Dewatering pump** (Aluminum alloy body, SS impeller, Rotor and strainer etc.) ranging from **1HP -50 HP** with 2850 rpm solid handling ranging upto 12 mm., up to 80 mts. Head and discharge up to 8600 LPM.
2. **Light weight portable Non clog Sewage/Sludge Pump** (Aluminum alloy body, SS Impeller and rotor etc.) ranging from **1 HP to 30 HP** both in 1450 rpm and 2850 rpm, up to 25 mtrs of Head, with solid handling up to 100 mm. and discharge capacity up to 7500 LPM.
3. **Heavy duty Non Clog Sewage pump** with F class insulation, up to 25 Mtrs of Head, max discharge up to 7500 LPM, ranging from **1 HP to 30 HP**, single stage, solid handling up to 100 mm., with speed of 1450/2850 RPM.

We are in manufacturing with above said pumps since **2009** and having large satisfied clients Like **NTPC, L&T, Gammon India, HCC, Metro Railway Projects, Municipal Corporation etc.** base in PAN India. We have **Dealers and Distributor network** in various parts of the country to provide smooth functioning and prompt services.
