Table of Contents

Chapter	Description	Page
	Acknowledgement	ii
	Dedication	iii
	Foreword	iv
	Professional Recommendations	vi
	Preface	vii
	Table of Contents	viii
SECTION ONE: Principles of Infectious Disease Epidemiology		1
1.	Definition and Clarification of epidemiological terms and concepts	2
	Questions for Review and Discussion	12
2.	Infectious Disease Theories, Processes, and Types of Epidemiological Studies	14
	Questions for Review and Discussion	29
3.	Classification and Prevention of Infectious Diseases	30
	Questions for Review and Discussion	42
	Sectional Bibliography	43
SECTION TWO: Vital Statistics: Epidemiological Rates and Ratios		44
4.	Vital Statistics: Morbidity Rates and Ratios	45
	Calculation of Morbidity Rates and Ratios	47
	Questions for Review and Discussion	52
5.	Vital statistics: Mortality Rates and Ratios	53
	Questions for Review and Discussion	59
	Sectional Bibliography	60
SECTION THREE: Principles and Practice of Immunization		61
6.	Principles of Immunization	62
	Questions for Review and Discussion	69
7.	The Practice of Immunization	70
	Questions for Review and Discussion	77
	Sectional Bibliography	78
SECTION FOUR: Viruses and Viral Infectious Diseases		79
8.	Overview of Viruses	80
	Questions for Review and Discussion	84
9.	Discussion of Selected Viral Infectious Diseases: Some Viral Infectious Diseases Transmitted Through Contact	85
	Chicken Pox	85
	Ebola Marburg Viral Diseases	88
	Viral Hepatitis C	91
	Herpes Simplex Virus Infection	93
	Infectious Mononucleosis	96
	Kawasaki Syndrome	98
	Measles	100
	Mumps or Infectious Parotitis	102
	Polio	104
	Rubella (German Measles)	107
	Herpes Zoster (Shingles)	109
	Small Pox	111
	Viral warts	114
	Questions for Review and Discussion	116
10.	Some Viral Infectious Diseases Transmitted Through Respiratory or Gastrointestinal Tract	117
	Acute Febrile Respiratory Disease	117
	Acute Rotaviral Gastroenteritis	122
	Erythema Infectiosum (Fifth Disease)	124
	Hanta Virus Pulmonary Syndrome	126
	Viral Hepatitis A	128
	Viral Hepatitis E	130
	Influenza (Flu)	131
	Lassa Fever	133
	Lymphocytic Choriomeningitis	134
	Epidemic Myalgia (Bornholm Disease)	135
	H1N1 Virus (Swine Flu)	136
	Questions for Review and Discussion	141

HOW TO PLACE ORDERS

http://upload.wikimedia.org/wikipedia/commons/e/e3/How_to_Order_Books.pdf

There are five easy ways to order copies with wonderful discounts and savings.

1. ORDERING BOOK DIRECTLY FROM AUTHORHOUSE PUBLISHERS AND ONLINE

Soft Cover: ISBN 9781468500233 (\$65.99); E-Book ISBN 9781468500226 (\$9.99) 496 pages.
 Publisher: Authorhouse Publishing, 1663 Liberty Drive #200, Bloomington, IN 47403 Phone 1-888-280-7715
 or bkorders@authorhouse.com or From Authorhouse Online Bookstore at
<http://www.authorhouse.com>, www.Amazon.com and Barnes and Nobles Stores.

2. ORDERING AUTOGRAPHED COPIES THROUGH THE AUTHOR

PAYPAL ORDER, CREDIT CARDS & DIRECT DEPOSITS OR WIRE TRANSFERS: IBERIABANK Ruston
 Routing # 265270413 Acct. # 12102543889 or Send Money Order or Check to 1502 Haskell Dr, Ruston, LA
 71270 Contact Email: atalken2002@yahoo.com Phone (318)344-8955.

3. AUTHOR PRE-ORDER SPECIAL DISCOUNT TO CULTURAL GROUPS, EX-STUDENTS ASSOCIATIONS, AND CHURCHES.

\$1000.00 DISCOUNT WITH BULK PURCHASE OF 100 BOOKS OR MORE PREORDERED THROUGH THE AUTHOR ONLY!! (Discount does not apply if you order directly from the Publisher)

4. FUNDRAISING OPTION BOOK SIGNING DISCOUNT!!!!

If a Church, Cultural group, Civic organization or Ex-Student Association accommodates a book signing, the cost per book will be discounted to \$60.00, a savings of about \$12.00 (i.e. No tax plus \$5.99 off) to the purchaser, then 10% of sales generated at the signing will be donated to the Church Youth Program, the Cultural or Civic group or Ex-Student Association for their targeted projects. Call me at (318)344-8955 for appointment or email atalken2002@yahoo.com

5. INTERNATIONAL BULK ORDER DISCOUNT THROUGH THE AUTHOR.

You get \$1000.00 discount making international bulk orders through author. In this case you also use Paypal, Credit Cards, wires & money orders. No autographing with this bulk order. Contact Email: atalken2002@yahoo.com Phone (318)344-8955. All Orders will be delivered by UPS Ground in the USA, and by FEDEX Internationally. You can also bulk order directly from publishers.

YES! Authorhouse Publishing guarantees International Delivery of Orders through FEDEX. Cost will vary depending upon location. For international quotes and freight call.

Thank You For Support and Enjoy the Book!

11. Some Viral Infectious Diseases Transmitted Through Interaction between animals and Humans, Insect and Mosquito Bites	142	14. Some Foodborne Bacterial Diseases	204	18. Some Fungal, Protozoal, or Metazoal Diseases Transmitted Through the	
Arthropod-borne viral disease (Arboviral diseases)	142	Actinomycosis	204	Gastrointestinal Tract	324
Arthropod-borne Viral Arthritis and Rash	148	Bacillus Cereus Food Intoxication	206	Overview of Intestinal parasites or Helminths (Worms)	324
Mosquito-borne Arboviral Encephalitis	149	Botulism	208	Angiostrongylus	330
Tickborne Arboviral Encephalitis	151	Brucellosis	211	Amebiasis	333
Tickborne Arboviral Fevers	152	Campylobacter Enteritis	213	Ascariasis (Round worms)	336
Phlebotomine-borne Arboviral Fevers	153	Cholera	215	Balantidiasis	339
Congenital Cytomegalovirus Infection	155	Clostridium Perfringens Food Intoxication	218	Capillariasis	341
Dengue Fever	157	Acute Diarrhea	221	Clonorchiasis	343
Dengue Hemorrhagic Fever	159	Listeriosis	224		
Bovine Spongiform Encephalopathy (BSE)	161	Food Borne Salmonellosis	227	Cryptosporidiosis	345
Creutzfeldt-Jakob Disease (vCJD)	162	Shigellosis	231	Diphyllobothriasis (Fish Tapeworm Infection)	348
Rabies (Hydrophobia)	163	Staphylococcal Food Intoxication	234	Dracunculiasis (Guinea Worm Infection)	351
Viral (Aseptic) Meningitis	166	Typhoid Fever	236	Enterobiasis (pinworm Infection)	354
		Vibrio Parahaemolyticus Enteritis	239	Fascioliasis (Liver Disease)	357
		Yersiniosis	240	Fasciolopsiasis	360
Yellow Fever	167	Questions for review and Discussion	243	Giardiasis	362
Questions for Review and Discussion	169	15. Some Bacterial Diseases Transmitted Through Interaction between Animals and Humans or Through Vectors (Mosquito or Insect Bites, and Fleas)	244	Hymenolepsiasis (Dwarf Tapeworm Infection)	365
Sectional Bibliography	170	Anthrax	244	Opisthorchiasis	368
SECTION FIVE: Bacteria and Bacterial Infectious Diseases	171	Meningitis	248	Paragonimiasis (Crab Infection)	371
12. Overview of Bacteria	172	Bacterial Meningitis (Meningococcal Meningitis)	249	Taeniasis (Tape Worm Infection)	374
Questions for Review and Discussion	177	Bartonellosis	251	Trichinellosis	377
13. Some Bacterial diseases transmitted through contact or respiratory tract	178	Cat-Scratch Disease	253	Trichuriasis (Whipworm Disease)	380
Bacterial Pneumonias	178			Questions for Review and Discussion	383
Pneumococcal Pneumonia	179	Legionellosis	255	19. Some Fungal, Protozoal, or Metazoal diseases Transmitted Through Interaction Between Animals and Humans or Through Vectors (Mosquitoes & Insects)	384
Diphtheria	181	Leptospirosis	257	Babesiosis	384
Leprosy	183	Plaque (Black Death)	259	Chromomycosis	387
Pertussis (Whooping Cough)	185	Psittacosis	263	Cryptosporidiosis	389
Pinta	187	Q-Fever	265	Echinococcosis	391
Staphylococcal Diseases	189	Relapsing Fever	268	Leishmaniasis	394
Boils, carbuncles, Furuncles, Abscesses	191	Streptobacillosis (Rat-Bite Fever)	271	Loiasis (Eyeworm Disease)	397
Streptococcal Diseases caused by Group A Streptococci	193	Tetanus (Lock Jaw)	273	Lyme Disease (Tick-borne Disease)	400
Trachoma	196	Tularemia (Rabbit Fever)	275	Malaria	403
Tuberculosis	197	Syphilis -Nonvenereal Endemic (Bejel)	277	Rickettsioses (Rocky Mountain Spotted Fever)	409
Yaws	201	Pinta	279	Toxocariasis (Dog and Cat Roundworms)	411
Questions for Review and Discussion	203	Questions for Review and Discussion	281	Toxoplasmosis	414
14. Some Foodborne Bacterial Diseases	204	Sectional Bibliography	282	Trypanosomiasis (Sleeping Sickness)	417
Actinomycosis	204			Questions for Review and Discussion	421
Bacillus Cereus Food Intoxication	206	Legionellosis	255	Sectional Bibliography	422
Botulism	208	Leptospirosis	257	SECTION SEVEN: Sexually Transmitted Infections (STIs)	424
Brucellosis	211	Plaque (Black Death)	259	20. Sexually Transmissible Infections	425
Campylobacter Enteritis	213	Psittacosis	263	Overview	425
Cholera	215	Q-Fever	265	Some facts about Sexually Transmissible Infections	426
Clostridium Perfringens Food Intoxication	218	Relapsing Fever	268	Candidiasis	427
Acute Diarrhea	221	Streptobacillosis (Rat-Bite Fever)	271	Chancroid	429
Listeriosis	224	Tetanus (Lock Jaw)	273	Chlamydial Infections	431
Food Borne Salmonellosis	227	Tularemia (Rabbit Fever)	275	Gonorrhea and Gonococcal Infections	434
Shigellosis	231	Syphilis -Nonvenereal Endemic (Bejel)	277	Granuloma Inguinale (Donovanosis)	436
Staphylococcal Food Intoxication	234	Pinta	279	Hepatitis B	438
Typhoid Fever	236	Questions for Review and Discussion	281	Hepatitis D (Delta Hepatitis)	441
Vibrio Parahaemolyticus Enteritis	239	Sectional Bibliography	282	Lymphogranuloma Venereum	443
Yersiniosis	240	SECTION SIX: Some Infectious Diseases Caused by Fungi, Protozoa, and Metazoa	284	Trichomoniasis	445
Questions for review and Discussion	243	16. Overview of Fungi, Protozoa, and Metazoa	285	Syphilis (Venereal)	447
15. Some Bacterial Diseases Transmitted Through Interaction between Animals and Humans or Through Vectors (Mosquito or Insect Bites, and Fleas)	244	Classification of Living Things and Organisms	285	HIV/AIDS	450
Anthrax	244	Fungi	286	Herpes Simplex Virus Infection	457
Meningitis	248	Protozoa	287	Viral warts Infection	457
Bacterial Meningitis (Meningococcal Meningitis)	249	Metazoa	289	Questions for Review and Discussion	458
Bartonellosis	251	Questions for Review and Discussion	290	Sectional Bibliography	460
Cat-Scratch Disease	253	17. Some Fungal, Protozoal, or Metazoal Diseases Transmitted Through Skin Contact and Respiratory Tract	291	Appendices	462
		Blastomycosis	291	■ Appendix I-The ABC's of Hepatitis	463
Yellow Fever	167	Coccidioidomycosis	293	■ Appendix II Guidelines for confirmation of Foodborne-disease outbreaks	464
Questions for Review and Discussion	169	Cryptococcosis	295	Subject Index	473
Sectional Bibliography	170	Dermatophytosis (Ring worms)	297	About the Author	478
SECTION FIVE: Bacteria and Bacterial Infectious Diseases	171	Filariasis	299		
12. Overview of Bacteria	172	Histoplasmosis	302		
Questions for Review and Discussion	177	Hookworm Disease(ancylostomiasis)	305		
13. Some Bacterial diseases transmitted through contact or respiratory tract	178	Onchocerciasis (River Blindness)	308		
Bacterial Pneumonias	178	Schistosomiasis (Bilharziasis)	312		
Pneumococcal Pneumonia	179	Strongyloidiasis	317		
Diphtheria	181	Typhus Fever	320		
Leprosy	183	Questions for Review and Discussion	323		
Pertussis (Whooping Cough)	185				
Pinta	187				
Staphylococcal Diseases	189				
Boils, carbuncles, Furuncles, Abscesses	191				
Streptococcal Diseases caused by Group A Streptococci	193				
Trachoma	196				
Tuberculosis	197				
Yaws	201
