THIS OPIATA, a recent discovery, is a certain safe
and convenient remody for that species of discome

But the greatest advantage which it possesses, is, that it invariably produces a radical cure of the classes in a few days, without affecting the most delicate constitution, owing to its containing the slightest particle of mercery in its composition.

Before the Agent would offer it to the public in this country, he has had its efficacy tested by several of the most respectable physicians in the city of New York. Their success has fully justified the declaration, that it is the best medicine they ever used, and they have in consequence, generously consented to be referred to as to the truth of this statement.
