The Virtery in Pennsylvania! The triumph of the whigs in Pennsylvania is as event alike surprising to friend and toe. It has amazed the whigs; astounded the locofocos. The former looked for game in the Legislature, and had a faint hope of the election of a whig Canal Commissioner, but scarcely expected many accessions from the Conlegation, as all the locofoco membersbecolores, conspicuous amongst whom was Mr. RirHI. of the Union, expected nothing less than a solid
democratic victory. The result has shown that the
whigs far underrated their strength, while the loco-Whigs far underrated their strength, while the logo-focos reckned altogether by a false count. The ad-bern entered into between the undersigned and Messire Macke & Whisse, Proprietors of the BEE Newspaper for the publication, during the ensuing the fact) overwhelmed, crushed, routed in the most

The 11th Congressional district, composed of the As many of our Subscribers and personal rely those who are annual advertisers, have their places of business of Courses and the vote being for Clay 5,251; for Polk and election the vote being for Clay 5,251; for Polk 2.219. s that of the Pennsylvanian—the leading locoloco or tan—which ascribes the whig victory to the storm!! This is exquisitely rich. The whigs, the silk-stocking aristocrary, who are accustomed "not to let the winds of Heaven visit their face too roughly"—these "curied durings," these pampered children of wealth and luxury breasted the pettings of the pitiless storm; while the hard-listed democracy staid at home forward, and were alrand to encounter the wind and the rain." Elses pain satis. Our democratic brethren must be hard bested, when they can conjure up no better excuse than this. Why it has passed almost into a prove b that had weather hurts the whigh and helps the loces. The latter care nothing for a wet sacket, while the former are but too apt to forego their obtical prerogative, when it must be secured by wadwil them that the whigs are triumphant in Pennsylvania, because that State clings to the Tariff of 1842, opposed to the new Tariff, has recognized and re-

How incontrovertibly does this prove that Pennsylva-ma was deluded and misled in 1844; that she voted for Poux and Dallas in the conscientious belief that the Tariff was safe in their hands; that she now per-seaves how completely she was duped, and is detercoforoism torture the event as it may, to this complexion it must come at last-

The returns from Ohio are scanty, and leave the State in doubt, so far an respects the vote for Governor. The Bultimore Patriot of the 17th has the fol-

wing returns which are copied from the *Union* 1846. 1846. 1844. Bebb, (W) Tod, (L. F.) W. 1 F.

From the New York papers we gather the following, telegraphed from Buffalo:— Onto Electron.—We are indebted to A. G. Winsow, clerk of the steamer Seratege, for the following

low, clerk of the searner Savasega, for the following returns:

Whig majority in Cuyahoga county felts, and tour towns to be heard from, which will increase this majority to 700. The vote is very small. Whig majority large in proportion to the vote.

Cleveland, Whig majority 97.

Four towns in Lake county, Bebb (W) 237 majority, which is doing well.

Medina township in Medina county, gives 49 majority for Bebb. Brunswick and Liverpool offset each other, which is better than usual for the Whigs.

Nothing is said of the election for Congress or the Legislature, except that in Jefferson county, the whole Whig ticket is chosen, being a gain.

Floriday.

Whio Taumeu.—We learn from the Florida (Tailhansee) Systinet, mys the Alobama Journal. "that

lahasseq) Sentinel, mys the Alobama Journal, "that Mr. Cabell, the Whig candidate, is, without doubt, elected by a fair majority of nearly two hundred votes. The Scatinel has the returns of nineteen counties, giving Cabell aggregate majorities of 647 votes, and giving Caseii aggregate majorities of 047 voors, and Kain majorities of 376 votes, majority for Cabell 300... Seven counties to be heard from, to wit: Dade, Monroe, Hillsborough, St. Lacie, Daval, Levy and Orange, which gave at the last election a next Loco majority of 95. Thus Florida is at last redeemed, and is a Whig

State. The unjust action of the Locus in the last Congress in ejecting Mr. Cabell from his seat to make way for a partisan, (Brockenborough) had, unquestionably, mush influence in effecting this revolution.

The Mobile Advertiser ways: "A complete on of this city, just returned from Pensacola, informs us that the returns have all been received there except from a few unimportant precincis, and that tabell's majority is about 130. Of Cabell's election there is now no doubt. Wonder if our neighbor over way will call this an "abolition victory!"

CHARLES JARRO INGERSOLL.-There is CHARLES JARRO INGERSOLL.—There is only one naterial drawback, says the N. Y. Courier & En-juirer, to the satisfaction which the Pennsylvania election affords, and that springs from the re-election of C. J. Ingersoll. The Pennsylvanian, the rading Loco Foco paper in the State, refere to his re-elecas a popular verdict in favor of Ingersoll, with a spe cial reference to his attack last winter upon Mr. Was or the depravity which could prompt a bount of it even if it were true. There were three candidates for Congress in Mr. Ingersoll's District; and the vote

given for each was as follows :-Conrade, (Whig) : 2,226
Little, (Native) : 3,519 5 745
ingersoll, (Loco) : 3,96

had 226 votes more than either of the others, he had nearly two thousand less than both of them. And nost assuredly even he would not pretend that the voted cast for either of his opponents evitteed appro-bation of his conduct. Mr. Ingersoll was elected by a decided mineraty of the votes in his district; and nothing but a needless, and in this case are unpardouable division in the ranks of his occoperus herm

THE GREAT BRITAIN .- The most any tude prevails respecting the fate of the Great Britain. She had not arrived on the 17 inst., at 3 P. M., havng been out, if she sailed on the 22nd, twenty-fiv days and a half. The Great lintain, however, in pro-soluting a luge, lumbering, slow connernationally a she may have encountered the storm and put back or may not have started at all on the day appointed.

The regular steamer of the 4th may be now daily ooked for, and from her we shall probably hear some thing of the Great Britain.

LATER FROM HAST! - By an orrival at New York, the Journal of Commerce has received Port as Prince papers of September 27th, with twelve days ater in-

sident for the union of the whole island under one tiovernment was successfully operating. Content and tranquility prevailed. The Government having and tranquinty prevailed. The wovermines within, and of a good understanding with foreign powers, was following up these great achievements with measures tending to a restoration of the public credit.

ng to a restoration of the public credit.

In an address to the Senate of the Republic, Pre sident Riché declared the necessary, now that the triumph of order is a reality, of making an effort to shaudon the false resource of paper money. With this view a series of measures is in gradual process of this view a series of measures is in gradual process of adoption, which will result in equalizing the expenses with the receipts of the State. This operates with some severity on the office holders, whose numbers and compensation are both reduced; but the Presixpenses of the Republic, without the interest on the preign debt, at present exceed four millions of dorn, while the receipts barely exceed two millions.

Figst District Court.—The District Attorney, Mr. Sigur, filed, on Saturday last, information against the following prisoners:—Reuben Ross, for swinding; Ann Longrove, Gestger Rosburn, Edward Gregov, Eliza Dos, Ivy Hamilton Johnson and John McMahon asias Owen McMahon, for larreny. The latter was conjucted of larveny some two or three days ago, and is now indicted a second time for a similar effisher.

Mary Ann Jones was arraigned and pleaded "not guilty" to the charge of larveny.

William Mitchell, indicted for making counterfeit silver coin; and Edward Williams, for larveny, were both found guilty.

Inquert.—An inquert was held, last Saturday, of he body of a black woman, name unknown, form frowned in the Mississippi, opposite Enghein street Phird Marnicipality. Verdict—accordingly.

An OLD Spantim Crairway —On Saturday last, two Monthmen engaged in digging a well in the house belonging formerly to Mr. Ducros, and now owned by J. P. Bengamin, Eagr, situated at the corner of Espianade and Bagasaelle streets, discovered at a certain depht two well preserved sixills and snadry small bone evidently detached from a insuran skeleton. This is not to be wondered at, as all the old inhabitants know perfectly well shot the space new comprised between Hospital street, in the First Municipality and the upper limits of the Third Mantisspality, was, some forty-live years ago, occupied as a Spanish Cemetery—a number of old ladies who are aware of the latter fact, awear most positively that they have more than once

SECOND DISTRICT COURT.—The arguments for a new trial in the case of Labourdetts versus Municipality Number One, which were to take place is Saturday, were again postponed to the 31st instant. Judge Canon decided against as application for a writ of hobest corpus filed in the case of Buck, charged with having committed a murder in Texas.

BROOR REGORDER GEROL.—Edward Jones and Urain Mouso, i. e. m., and three slaves, samed Poter, Jain and Manuel, were brought yesterday before Recorder Genois, charged with gambling at a cabacte of Mr. (telpi, corner of Barrack and Royal streets.—The two colored men were fined \$5 such—the alayes were sent to jail.

Mrs. Jones, charged with striking a police officer,
was remanded for further examination.

George Hannah, arressed for larceny, was committed for his appearance before the First Dastra t Court. Ty. V. V. Terry, charged with aiding and abetting P. A. Dabord, in inveiging a slave, was brought up last Saturday before Recorder Baldwin. The investigations in not yet completed. The accused has been arrested a first time upon suspicion of being an accomplice of Pubord, but no satusfactory evidence having been addiced, he had beed committed to the workhouse as a vagrant. The charge will be now, it is said, duly substantiated by proof of a possure and convincing nature.
