WEDNESDAY MORNING, JUNE 19, 1867.

The New Orleans daily news of real estate by Mason
Patterson, and the editor of "The Daily Advertiser,"
and J. M. Taylor, who have been engaged to place
in day news. All the particular may be found
in the advertiser's column.

According to correspondence between Acting
Gov. George Lynch and the State Auditor, Mr.
Foster, it is clearly established that the Court of
Louisiana relative to the constitutionality of the
tax imposed by the State, goes to the point
that the tax is invalid only as to rates of the
present tax, and not as to the rates of the pro-
tection of slaves and other taxes of the State
being still subject to the tax.

The annual meeting of the Board of
Directors of the New Orleans Theatre, to be
held at the theatre on June 25th.

We are in receipt of letters to "The Times" on
behalf of the three Monday evenings, by the
Shakespeare Club, at the National Theatre.
The entertainments are generally excellent,
and we shall certainly endeavor to be
present at them.

To Mr. E. L. Hause, Acting Secretary, we
are indebted for the insertion of the following
of "Hawley's," at the Varieties Theatre, to be
given by the performers by the overture.

Professor Jacques Ouvraine, well known
as a violinist, died in this city yesterday.
He was 31 years of age and a native of Am-
sterdam, Holland.

LITERARY.

We have often made mention of the new ad-
ditions to our library in descriptive type, and
have called the "Diamond" book, and have
spoken favorably of them. We observe, how-
ever, that some of our contemporaries object to
this style of book as being the smallest of
the "Diamond." The New York "Times" thus
states: "The entertainment are generally excel-
lent, and we shall certainly endeavor to be
present at them."

To Mr. E. L. Hause, Acting Secretary, we
are indebted for the insertion of the following
of "Hawley's," at the Varieties Theatre, to be
given by the performers by the overture.

Mr. Foster has written a short article on
the "Diamond" book, and "A New-
comer's Experience of Fire-Damp" (Good Words)

are well worth reading. We hope that
the author of the former will be induced to
write again for us, as some time ago he
has been hitherto no complainant of the kind.

We have given these two a fair examination
and are satisfied with both. We trust you will
read them with interest.

It is proof that the name of John F. Foster
and his wife, Mrs. Foster, is well known.
