We have received the second No. Louisiana Democre', a paper recently established at Clinton in this state.— Its typographical appearance is very creditable, and it seems on-facted with much ability. "Going the ontire swine," Col. Crockett would say, for democracy, we are surprised that it should not "hing its bather on the outer wall" with the name of that sterling republican, Joan B. Dawson, as its candidates for the gubernatorial chair. To secure the ascendancy of the vital principles to which it is divoted, it must support men as well as measures. LATE FROM MARSEILLES.
