D. D. WHITE. Candidores for the state legislature. B. Z. CANORGO, A. DICROS, W. F. C. DUELL SMA, D. AUGUSTIN, S. MARUSEAU, C. DAUNOY, A. Hua, F. LABATUT. J. br MTERRSTT, ALLARD, D. Dixon, J. LALANDE. B. WARTINY, E. CANON, J. R. Garmes. L. Pairer. J. M. KERSPDY.

His excellency Baron de Behr, minister of the Notherhinds to the United States arrived at New York, in the packet ship North America, from Liverpool.

"Nature is greatest in her small works," says Pliny. Clowds flock together to admire the agility of a circus performer; he stands on his head, and they are astonished; he leaps over a tope some six feet high, and they are thunderstruck. And yet the performance of man is infe was announced for lo'clock. In the chamber of depumitely inferior to that of a flea! The most active biped cannot jump more than twenty feet, not four times his length, while a flea, at a single bound, a distance equal to a thousand times his length, and gain no credit for the exploit. With respect to muscular agility then, nature is

should they repine because their neighbors command a heread the trides and all the wider than theirs? The difference is all in their favor. Physiology and history unite in flattering their reasity. Nine tenths of the great men in the world have been really little men. Little men build up College and reputations. And why? Because the vital principle, site steams, is the more energetic the more its sphere of active in principle, sending them through life with accelerated impossesity. Large men are allower in all their operations, mental and waterial—their blood flows less repidly, and has a longer journey to perform from the heart.

Whitst large men are deliberating, little men act, for the and many the mental set age to the president of the some time. To day he is better.

Ide importation which we receive in return.

It is in the importation which we receive in return.

It is in the importation which we receive in return.

It is in the interest of the tariff and antitating destributions with the legislation of the south and the north, without subscribing fully to eather which the prices of last week. From the correspondent of the correspondent of the south and the north, without subscribing fully to either. The shearty that the interests of the south and the north, without subscribing fully to either. The shearty that the interests of the south and the north, without subscribing fully to either. The shearty that the interests of the south and the north, without subscribing fully to either which the prices of interests of the south and the north, without subscribing fully to claim the south and the north, without subscribing fully to either the south and the north, without subscribing fully to claim the south and the north, without subscribing fully to claim the south and the north, without subscribing fully to claim the south and the north, without subscribing fully to claim the south and the north, without subscribing fully to claim the south and the north, without subscribing fully to claim the south and the n impotencity. Large men are slower in all their operations, ments to disans ling him from the intention of doing so, ments a construct of their operations, ments and waterial—their bleed flows less rapidly, and has a longer journey to perform from the head to the heart. Whilst large men are deliberating, little men act, for the substitution and execute with—more rapidity. Some suthor has finely remarked, that "little men labor to make up in time what they have lost in speed;" and the reverse holds good with regard to men of great stature.

But let not the tail and corpulent resider take this seriously to heart. We have comfort in store for him too.

Though he has less activity, he has more happiness; the very piaquitude which deprives him of excitability, is his shold against evits. He suffers less from contact with the world, both physically and morally. His tibe and his sensibilities are alike better protected. If his movements are sibilities are alike better protected. If his movements are refused.

impetuously onward in the career of ambition, he jogs therefore, no president of the council. quietly along in the road of contentment.

A leading politician, in this state, once compared one of his most violent opponents (whe was a very little man) to a "han with her head out off." The state of the proposed. They seek, how can ministers consent to be directa "hen with her head cut off." The comparison was meant | ed by the king. Various steries are affect and in circuas a succe. It was, in reality, a compliment. A hen, with lation. her head cut off, exhibits, for a time, more activity than she ever did before the decapitation. And what is activity but animation—the less active we are, the less is our vital principle, and total inactivity is death. We conclude with Pliny that "nature is greatest in her small works."

From the New York Courier & Enquirer, Extra. LATE FROM ENGLAND.

The packet ship North America, capit, Macy, arrived the preser sup tyoron canorion, caps as any, this morning trom Laverpool, whence she sailed on the binations now formed, and the lists now published, and let inst. We have received by her Laverpool papers the men now appointed, are of little importance, since . The cholera appears by the official accounts to be diminishing in P ris. but spreading throughout France.

Milan and Tessin, forming a camp of huts of 30,003; about that number between Sesto, Calenda, and Beaselawa. "At Vienna every thing breathes war, this is concealed from the French embassy,) a general war;a crueade against

By a very remarkable coincidence, at the very time this By a very remarkable coincidence, at the very time this information reached us we also received from another pert of Europe (England) a letter from our habitual London correspondent, in which we read the following:—"The important question of war is again the prevailing topic. War, considered impossible a few days since, is much talked of at present, and well informed persons appear to give cre-dence to the report. They say that there exists a secret treaty between Austria, Russia and Prussia; and that by this treaty, Austria is bound to send her forces into Italy, while Prussla and Russia shall invade France; that the moment of attack, shall be that of the king of Holland's cam Yesterday's mail turnishes regular dates from the northern cities. Our columns are occupied with the contents of
an extra from the office of the New York Courier and Enquirery containing Liverpool dates to the 1st of May, to
the exclusion of much other matter prepared for this paper.

By the steamer Orleans, which arrived yesterday in four

I announce to you the mental aberration of M. Casimer Periar. This is an afficient for France, for the conserva-tive party in England, and for all Europe. The Journal doe Debates of to day broke its long silance, and gave way to those sad reflections which so mournful a subject could

not fail of exciting.
Saturday, 1 o'clock, P. M. April 21. Agreeably to official notice, both chambers met to-day for the purpose of receiving a communication from government which ploit. With respect to muscular agility then, nature is remaining in anxious expectation of the government maxima in imminimis. Let us see if Pliny is as correct in message, announced officially for I o'clock. It was a message, announced officially for I o'clock. quarter to 3 when M. Bathe made his appearance, in full

world, both physically and morally. His ribs and his senslower, his desires are more moderate—if he does not dash himself at the council of ministers, and of naming.

another revolution is at hand.

Havro de Grace. All the French munisters have been aspect of this town has become entirely changed. The the moment the French banner was withdrawn from the We give no article from 'Le Constitutionel' of a very fortress the tri color has been displayed from the winsourt martial. The troops of the pope remain within a few miles of the town and suffer nothing to pass; they stopped some cattle that were to have been delivered to the French troops by contract. At these rigorous measures, and if persisted in very serious consequences may be apprehended A French express arrived here from Bologna yesterday. Three hundred French troops embarked on board a ship belonging to the French squadron yesterday. Their distination is unknown.

riff, is descrying of a more extended notice than we have who, if we are correct, was shamefully as yet bestowed upon it. It is distinguished, (says the well as several others whom we observed cut and man-National Gazette) like all the elaborate compositions of geled very much. At length the military were called Mr. Adams, by massive sense and knowledge, put forth on to disperse the moh; who were seen approaching and to the government. We do not youch, we deem it with great strength of expression and carnestness of spirit. I should an in the subscript of the subscript o

grave document. In not publishing it, we should think ourselves wanting in our duy to the interests of France,—to the guarantees of its accurity; to the necessity of duction be applied?—He admits that the revenue should the reduced to the point of the proper expendition which has an understanding with them; to the necessity of the admits that the revenue should be reduced to the point of the proper expendition which has an understanding with them; to the necessity of the government; but he contends that the contends that the contends the foreign powers, and over the internal intrigues of a faction which has an understanding with them; to the necessity of the proper expendition which has an understanding with them; to the necessity of the government; but he contends that the proper expendition which has an understanding with them; to the necessity of the proper expenditions of distinguishing the proper expendition of distinguishing the proper expendition of distinguishing the proper expenditions are the proper expendition of distinguishing the proper expenditions are the proper expenditions and the proper expenditions are the proper expendition of the proper ourceives wanting in our duty to the interests of France,—to the guarantees of its security; to the necessity of observing a stricter guard than ever over the projects of foreign powers, and over the internal intrigues of a faction which has an understanding with them; to the necessity of distinguishing their means of delay; and to compel them to declare, in a word, for peace or war. This is the document; auch that are reached us:

The Austrian army is raised to the full war establishment. The reached are covered with transports of military recommended of the public revenue should the revenue should be reduced to the point of the proper expending turns and over the internal intrigues of a faction which has an understanding with them; to the necessity of distinguishing their pacific protestations, their means of delay; and to compel them to declare, in a word, for peace or war. This is the document; such it has reached us:

The Austrian army is raised to the full war establishment. The reads are covered with transports of military commons defence and general welfare. He observes that the common defence must be provided for as much

"The argument which denies the power of congress drenching rain. 20,000 men are at Milan. to levy duties for the protection of domestic manufactures, to 80,000 men are at Milan. to levy duties for the protection of domestic manufactures, we observed the flagways iterally strewed with stones to 80,000 men are at Milan. which congress exercised their powers; acts, among the no row had previously taken place in that quarter, most memorable, among the most beneficient exercises. What shall we, or what can we add to the above, of power which have rendered the constitution itself a Were we to give an opinion of our own, we would be

"At Visiona wary thing breithes war, (this is concealed from the French embassy,) a general warg crussed against the revolution of July within a few mandes.

"Prince Metternich is engaged in a plan of arrangement, and a feature circumspection of Fance.

"The basis are a third restoration; not in favor of Henry V. but of Louis XIX. Charles X. as you of the Duke of Angouleme, and the latter has retraced his infavor of the Duke of Angouleme, and the latter has retraced his in favor of the Duke of Bordeaux."

"In case Henry V. should be fixed on, the regency would not be given to the Dukes of Berry; it would by express convextion with Holyrood," be given to Messrade Blages, president; de Damas, de Villele, de Latour Maubourg, it de Pastraret, de Bontlel, de Peyronnet. "The abandonment of the public converting of Blages, president; de Damas, de Villele, de Latour Maubourg, it de Pastraret, de Bontlel, de Peyronnet." The emperor of Russia attachés himself to Hesry V., and repeis the Duke of Augouleme. Besides imitating the Canadian and with a show of infexibility which has an sir of staking the regency of the armament, and a recognition by Europe of the Jatuader, he pretends to act the part of disinference appears to exist on this point. Mr. Adams refers to the periods; those of our emperor of the armament, and a recognition by Europe of the Jatuader of the armament, and a recognition by Europe of the Jatuader of the armament, and a recognition by Europe of the latt thas on Poland, which has met at Vietna with serious cificulies.

We rewe to give an opinion of our own, we would be charged, be prinary composition. We dare not give may but the public of the common definence, in the public debt will not discharged, perhaps, as partissues. God knows that we had the public debt will not discharged, perhaps, as partissues. God knows that we had the public debt will not discharged, perhaps, as partissues. God knows that we had the public debt will not discharged the mation from the obligation, or disease with the mation fro congress of the power of providing for the common defence, seems to be an observation exceptionable only for the military, including a portion of the royal artillery, june 11 J. B. PER RAULT, Cashier.

the last utuse on Poland, which has met at Vienna with serious difficulties.

"England is considered by Prince Metternich as of all the articles essential to the comfort of home an ife, are among the primary elements of national throughout, and the war, were pre-eminently southern this side, Austria wishes to make France the aggregate. The presence of the tri-colored flag at Ancoa will, and the war, were pre-eminently southern bopped, furnish the presence of the tri-colored flag at Ancoa will serious difficulties. The emperor of Austria serious difficulties of the law of Reichstadt; and it is by flattering the sides, which fie could not seeve, that prince Metternich as of the articles essential to the comfort of home and will be, ever at such lamentable cost. We regret to add that a poor of old man, seemingly and will be amanged that a poor old man, seemingly and will be amanged to the same of Jefferson, a pegro man named Henry; says he belongs to Afr. Gloson; it was concerned, fell a martyr to the impropeleties of others. On the beads of such be the blood of these men.

Canadian, in no wise concerned, fell a martyr to the impropeleties of others. On the beads of such be the blood of these men.

The presence of the tri-colored flag at Ancona will, and the war, were pre-eminently southern throughout, and the war, were pre-eminently southern. On the beads of such be the blood of these men.

One o'cleck on Tuesday merming.

similar for the later of this hard against France, in which the support of the hard against France, in which the support of the hard against France, in which the support of the hard against France, in which the support of the later of the later of the later of the support of them, as to exclude the power and the purpose of full self-improvement, external and internal, and for after ages as well as the present time.

We quote a few of the striking opinions of the report.

By the steamer Orleans, which arrived yesterday in four days and a half hore Louisville, we tearn that the steamer of her passage from Cincinnati to Mayaville, was mont and de la Rochejacqueline will repair to France with the Dutchess of Berry; that the deserter of Waterloo will place himself at the head of the royalists of the south while the hero of fidelity will occupy La Vendee, with the months as much ag the addition of an hundred acres to the mother of Henry V. Such are the reports accredited in the saloons of the nobility."

Paris, April —crew saved.

Lloyd's List.

In the steamer of the field, and that then the contagration was soon to the noting at thousand dollars, the acquisition of Louisiana and Flortone with the purchase of square miles which we have purchased from the Indian tribest are all to, be capaid red in the light of intermal improve the month, as much ag the addition of an hundred acres to the mother of Henry V. Such are the reports accredited in the saloons of the nobility."

Paris, April 27. It is with the most sincere regret that I announce to you the mental aberration of M. Casimer and parlions, like individuals, are subject to grievous and parlions, discasses of the imagination. Nations, like individuals, are subject to grievous and parlions.

nand persons discases of the imagination. Nations, like individuals, are subject to grievous in me, by exerting every power visted in the president like individuals, are lightly and the following the constitution of the United States by the constitution, for the happing the constitution of the United States by the constitution for the happing the constitution of the United States by the constitution for the happing the constitution of the United States by the Constitution of the Unit like individuals, ore liable, in the fullness of general related, to replical distempers, and even to audden convolvings, threatening uself. In the midst of the comfort and well being with which we are surrounded, it is impossible to conceal from burselves, and it were worse than folly bu disguise. That there is a festering sore of discourant, if not a deep routed disaffection to the Union and the retribution I may receive after the conclusion. pervading an extensive portion of our territory, and rapidly ripening into purposes and projects which will bake the Union to its very fouldation."

"We cannot subscribe to the doctrine that the duties of impost protective of our own manufactures are paid by the faceign merchant or manufacturer. Nor can ve more readily believe that they are paid by the purchas er of the articles experted from our country to pay lof he importations which we receive in return.

BLOODY RIOT AT MONTREAL. From the Canadian Record of May 22. MONDAY EVENING, FIVE O CLOCK.

Anful effects resulting from ristous conduct of the mob

—four men shot—several wounded. with the most painful feelings we have to state that rom the riotous conduct manifested by the lower or ler of the Canadians and Irish partisans on Saturday, he poli was adjourned to this day, when the magistra he poli was adjourned to this day, when the magistra he poli was adjourned to this day, when the magistra he poli was adjourned to this day, when the magistra he poli was adjourned to this day. French officers maintain an extreme reserve. From der of the Canadians and Irish partians on Saturday. the poll was adjourned to this day, when the magistra warlike aspect. The London Times, however treats it dows of the citizens, as if to console the troops who feel with ridicule and says the Paris editor must have been humiliated at the suppression of their standard. But imposed upon. We should incline to this opinion, for these have now disappeared, and the town has assumed day the most evident symptoms of increasing insuborcially when any of those persons favorable to Mr Bagg presented themselves. Towards evening the constables were besten from their posts, and many of them most scandalously ill trented. It was at length. found necessary to order out the military, who prompt ly attended under the command of colonel Macintosh.

The riot act was then read. On our arrival at the French square, we found a large number of personcollected, and every now and then some person or other assaulted and-knocked down by the bullies in at endance. On the poil closing of the day, another indiscriminate attack was made on the constables; and also, as we have been informed, upon Mr. Bagg himself; who, if we are correct, was shamefully misused, as well as severed others whom we observed cut and manually as severed others whom we observed cut and manually as severed others whom we observed cut and manually as severed others whom we observed cut and manually as severed others whom we observed cut and manually as severed others whom we observed cut and manually as severed others are no planters as the could not be obtained.
