

CORPORATE PROFILE

MEDIGROUP (A GROUP FOR EDUCATION & HEALTH CARE),

established in the year 2008 with the very first initiative of a Training institute for MEDICOS and Medical aspirants with the name of MEDICO SHAPERS INSTITUTE PVT.LTD. (Only Institute in India for Medical students from class 11th till placements). That was just the beginning, the vision propelled a growth that still fuels it today. The institute later proliferated as a market leader in Educational and health care domain with emergence of sister company MEDI POLYCLINIC PVT.LTD.. Since MEDIGROUP began it has been growing at a remarkable pace. It was the visionary zeal of founder Director Dr. Pushpendra Verma a renowned academician that led to the setting up of a Training Institute in Indore for MEDICOS and Medical Aspirants. The perseverance paid off in no time, the initiative became a full-fledged Institution. The institute has served thousands of Medicos and Medical Aspirants. It has earned a name for itself in offering the best possible efforts in its field of operations.

At MEDIGROUP, you will find requisite guidance for medical education and dynamic strategic services for health care market. With support of young aspirants we make dream into reality. We created this state-of-the-art training institution so that promising minds can learn the skills of overcoming challenges in this competitive world. Our purpose is to provide unique method of training, utilizing an alternative style of instructions with an aim to provide top of the league training to excel in every sphere of lives, MEDIGROUP is been focusing on result oriented inputs in clinical consultancy, camp organization, survey conduction, Drug promotion & marketing, Hospital promotion with Health care product promotion. Our educational courses have been designed to cater all needs of the MEDICOS and Medical aspirants to help them to excel in various university level & PG entrance exams. Innovative strategies and techniques adopted in our centre, keep our students abreast of the ever-changing pattern of top level exams.

Over the years, MEDIGROUP has produced top grade achievers in amazing numbers. This is possible only if our students were given the best instructions, all round molding, constant guidance and monitoring, abundant facilities and above all the best faculty/Physician to justify all these. We are committed to the vision of providing the very best of medical education and there by contributing to the intellectual growth of its students with unique methodology of working in health care industry.

As an Educational & Health care setup, we aim to provide a platform where goals are achieved, skills are nurtured and values are built. We believe that learning is a life long experience so we provide each facility and amenity, every kind of right opportunity to ensure a rich and rewarding intellectual climate.

We run a Social wing too in name of SPSVPCT (SHRI PREMNATH SHANTADEVI VERMA PARMARTHAK CHARITABLE TRUST) which conceived on 04th October, 2008 by the professionals from different walks of life decided to work together with a common vision of empowering lives.

The Trust is registered under M.P.(INDIA) Public Trust Act 1959, under section 6. Trust Registration No. is 984 dated 04/10/2008 along with 12(AA) certification.

The flight of SPSVPCT has begun and the NGO has implemented several projects in the areas of Health and Education and in a small way restored the environment. We are continuously growing and have gradually developing sustainable projects. Plans are afoot to involve itself in many more projects in early years by which we can contribute more meaningfully uplifting the downtrodden poor people and revitalize the human spirit. The NGO is focusing on key areas of Healthcare & Education through its projects involving children, women and senior citizens by implementing mentioned objectives.

We are associated with world's Top Universities NUS-National University of Singapore and NTU- Nanyang Technological University, Singapore as their overseas partner in community welfare activities. The universities are widely considered to be the most prestigious Global Universities. NUS ranked 18th in the world and 3rd in Asia while NTU ranked 34th in world and 7th in Asia by the QS World University Rankings.

Mission:

'Igniting youth for Education and Health Care.
