THE ELECTION IN LOUISIANA CARRIED BY FRAUD.

It is announced by leading Radicals in this city that their majority in New Orleans is about 4000. The official count, which is not complete at the present writing, although four days have elapsed since the election closed. That our anticipations have carried it by 5 months is indeed undeniable. It is a fact susceptible of proof that the Democracy have a majority of many thousands if there were fairly counted, and the fraudulent votes of the white and black Republicans thrown out. More votes have been counted by the officers of the election in some of the wards of the city than are actually in those wards. We can, if it can be proven that hundreds of votes were voted repeatedly on duplicate tickets, furnished them by Radical clubs established on day day of registration for the issue of such pasteboard votes. It was for this reason that so many were opened in the different wards, contrary to previous custom, and the delay which has occurred in the counting of votes is to be attributed to the determination of Warmoth to make out a majority for his party even if the returns were contrary to his plans and expectations were against him. That was the fixed purpose of the Radical leaders, who declare their own triumph independent of the count being ratified by the returns as shown by the telegraphic dispatches forwarded by leading members of the party to the city of New York and Boston. The *Tribune* on Friday of last week published a telegram from New Orleans predicting that the State would be taken by twenty thousand majority. How was that known to Warmoth's friends on the 4th of November? St. Louis paper of Wednesday we find a dispatch dated at Washington on the 9th, which reads thus:

Washington, Nov. 8.—A dispatch from the Kellogg-Louisiana delegation, reports that Louisiana has gone Republican by her election and four thousand votes and the State of Louisiana is Republican by a very large majority.

We did Senator Kellogg ascertain the facts so accurately when none of the parties interested as candidates or the officers of the election could even make a correct estimate three days after the election? *Louisiana* is the city, an error of Warmoth, published in this issue of the 9th day after the registration took place, a table showing the total number of votes registered in the Parish of Orleans and in this table Algiers is set down as containing 555 registered voters. In the 9th of November, the vote of Algiers is stated to be—for Kellogg, 387; Mascott, 386—Total vote—773—an excess over the registered voters of Algiers alone of 556 voters. Now the *Republican* be pleased to explain this small discrepancy, and we have not pointed to believing that each hundred and fifty fraudulent votes have been cast in that portion of Algiers. A like excessive proportion may have been cast in other parts of the parish. The excess of votes in Algiers is over 60 per cent on the registration figures, as reported to the returning officer of the State authorities. It is easy to see how the Radicals have defeated the people when frauds have been committed in other wards, and there are various evidences of the fact.

We are willing to leave it to our Northern friends to say whether the Democratic Conservatives have not good cause for condemnation against our Radical rulers.

General Lee A Memorial Volume.

It is proposed by the Faculty of Washington College, Va., to issue at an early day a memorial volume, in memory of the late General Robert E. Lee.

The volume will be issued with the approval of the Lee family. It will contain:

1. An authentic sketch of his life to the time of the late war.

2. An account of his administration as President of Washington College.

3. Incidents, reminiscences, etc., illustrative of his character.

4. An account of his death and funeral services.

5. Selected eulogies, public resolutions, editorials, etc., on the occasion of his death.

Plates of memorials designed to be placed in honor of his memory.

The volume is intended to form a memorial which may be prized by all who love the memory of General Lee, and it will be issued in a form appropriate to this purpose. Its contents will be drawn from official and authentic sources, a large portion being prepared under the immediate supervision of General Lee's own family.

The profits of its sale will be devoted to the erection of a monument to his memory, at the scene of his labors.

Contributions to this volume, in the form of incidents or reminiscences, or of eulogies, resolutions, and memorials of every kind, will be thankfully received and faithfully used, in order that the work may be made as worthy as possible of its great subject, and of the love which he was held by the people.

Newspapers friendly to this design are respectfully requested to insert this announcement.

We acknowledge receipt of cards of invitation to a grand ball at Gaiaka and Dumas Hall, to be given at Turnverein Hall this evening by Oceka Tribe No. 1, I. O. F., for the benefit of the Widows and Orphans Relief Fund.

We have received from Chas. F. Norton & Co., 9½ Gold Watch, No. 13,500, purchased of Chas. F. Norton & Co., 9½ Gold Watch, No. 13,500, purchased from
