HOWARD'S HOTEL,

(Broadway, corner of Maiden Lane, New York.)—This Hotel is one of the most commodious in the Union, having a front upon Broadway of over 100 feet, and upon Maiden Lane 60 feet, with two large wings extending in the rear 125 feet. It is six stories exclusive of basement, and under cellars, and containing over 300 bed chambers, each well lighted and ventillated with grates, besides numerous private parlors with sleeping rooms attached, and public parlors, dining, reading and other rooms. There are two elegant dining saloons, the floors of which, as well as the spacious halls in the first and second stories, together with the reading and other public rooms, are paved with Italian marble. There is also an extensive and pleasant room fronting upon Broadway, fitted up for a Ladies' ordinary, and the ladies are provided with attractive public parlors, and a private entrance to the Hotel from Maiden Lane.

The subscriber having for nine years past received a liberal patronage from merchants, principally from gentlemen of business at his former Hotel in Broad street, is satisfied from experience that early meals to many are more acceptable therefore, he has had his house so constructed as to be able to serve meals to such at early hours. The hours adopted for meals are as follows, viz:—In gentlemen's dining room upon 1st floor, Breakfast at ½ or half past 7, with reference to the season of the year. Dinner in same at 2 o'clock. In gentlemen's dining room, upon 2d story, and also in Ladies' ordinary, Breakfast from 8 to 10 o'clock, and Dinner at half past 3. Printed bills of fare are daily put up for the different dining rooms, and it is optional with Gentlemen to take their meals in either of the Gentlemen's dining rooms, without giving any notice of their choice, the subscriber hopes the extra trouble and expense in the attempt to suit their convenience in this respect will be properly appreciated by a generous public, and that a commensurate patronage will continue to be received.

This house possesses every convenience that the subscriber could devise, and is universally pronounced by visitors to be the most airy, cheerful and pleasant establishment for construction for light and air being superior to any other house in the city.

In addition to the many advantages and comforts over most Hotels, it has a living spring of pure soft water upon the pr mises, which, apart from its intrinsic worth as a beverage, is found to be highly conducive to the health of persons residing in the house. Its use in every part of the city, adds very much to the safety of the establishment in case of fire on or near the premises; a powerful Worth's pump being attached to the well by which water thereby from, as well from the various cisterns in the yard, to the reservoirs under the roof, from which, by use of the hose, water can be forced over any part of the premises in an instant.

In short this establishment has been got up without reference to cost, and it is the intention of the subscriber to make it stand among the very best Hotels in the country.—He hopes to be favored with a share of public patronage.

j8-6t D. D. HOWARD.

GLOBE HOTEL.—The subscriber has recently added to his establishment the house 64 Broadway, which he has fitted up and furnished appropriately, more particularly with reference to the accommodation of families and those desirous of having parlors attached to their sleeping rooms. A private entrance to No 64 is on Broadway, also a hall communicating with the house.

The house will be continued on the European plan, which has given so much satisfaction to all. The bathing apartments in the house are in readiness for use from 7 o'clock, A M. till 11½ P M.

The proprietor takes this opportunity of returning his most grateful thanks for the liberal patronage he has so handsomely patronized him, from the first moment he was identified with the Globe, and pledges himself to endeavor by the most unremitting attention, to merit a continuance of their kindness.

F BLANCHARD.
