months \$1.00
In it review the subscriber may receive
the paper before it is published.

The New Orleans Daily Bee.
Official Journal of the State, General
Court, First Municipal and
Board of Legislators.

Wednesday Morning July 30, 1851.

NOTICE.

In view of the circumstances of my business, I have given up my newspaper, "The New Orleans Daily Bee," and will no longer publish it. I have sold it to my son-in-law, Mr. J. A. T. TAYLOR, of New Orleans, who has agreed to continue it. I hope you will all support him in his new venture.

Yours truly, S. F. WHISSE.

The New Orleans Daily Bee, arrived through yesterday with the latest date.

THE OPPONENTS OF SEPARATE
SECESSION.

A paper in South Carolina, called the "South Carolinian," takes very strong ground against the advocates of separate State union. It charges the clodish with falsifying the sentiments of the people, and declares that under the rash assumption of the right to secede, now prevalent, there would be a contest between the South and the North, than between their States and the General Government. Hear their Standard.

The report of M. De Tocqueville relative to the revision of the Constitution, will be fully supported if not sprung upon us. We shall have been unwise if we do not accept his advice. The President has returned to Paris after having been received at Paris by the Emperor. The commercial advantages are favorable. The manufacturers have large London orders. New Orleans is advancing. The Bank is full. Prices are \$140. 50c.

Denmark.—The Ministers of the King of Denmark have resigned in a body. Count Mulcke has been charged to form a new Cabinet.

CASE OF GROHOP.—Latest dates are to be had from our Consul.

The news is unsatisfactory. A

prosecution was to be had. Several

attempts were made to arrest the

Brussels officials.

The excitement at Capoetown at the reported

return of the fleet of Government to our

country will be great.

We are every morning

concerned about the movements of the

French fleet and the safety of our

country.

The markets.

The market for COTTON in favor of the buyer.

There are 3,000,000 bales of cotton and

the market is the same.
