ALL SAFETY DAY.
This is the first day of the month that has been observed as a day of safety in the city of New Orleans since the late epidemic of cholera. The citizens have been kept in a state of alarm and anxiety, and it is only by the intervention of the Divine Spirit that we have escaped a more disastrous fate.

The late epidemic of cholera, which has afflicted the city of New Orleans for several years past, has been the cause of much suffering and death. The citizens have been kept in a state of alarm and anxiety, and it is only by the intervention of the Divine Spirit that we have escaped a more disastrous fate.
