YOUNG LIFE SAVERS.

Girls and Boys Who Have Performed Daring and Extraordinary Acts of Bravery and Courage in Saving the Lives of others are hereby invited to the Annual Prize Meeting of the Young Life Savers' Society of New Orleans, to be held on the 15th instant at the Y.M.C.A.

The prizes will be awarded to the boys and girls who shall receive the highest marks for saving or assisting in saving the lives of drowning or other persons in distress.

The prizes consist of a gold medal, a silver watch, and a gold watch for those who shall receive the highest marks in the examination of their knowledge of the laws of the sea, and in the practice of saving lives.

The meeting will be held at the Y.M.C.A. at 3 p.m., and all those who wish to be considered for the prizes should apply to the Secretary of the Society, Mr. John B. Smith, at his residence in St. Mary's Street, on or before the 15th instant.

BEANS IN CALIFORNIA.

Mr. E. B. Davis, a celebrated nursery man ofCalifornia, has just returned from a visit to the United States, where he has been conducting experiments in the cultivation of beans.

He states that the climate of California is particularly favorable for the cultivation of beans, and that he has succeeded in growing them in large quantities.

The yield of beans is very large, and the quality is excellent.
