NEW YORK ELECTION.

It is needless for us to undertake to express the joy that fills the Democracy in the state of New York, on account of the glorious result of the late election. The overwhelming defeat of the Whig party, and their ignominious flight from the field of battle, has covered them with confusion and dismay. They have been routed, horse, foot and dragoons, and their whole army is in full retreat. We shall not attempt to follow the example of our Whig contemporaries, who have wasted the last three days in vain attempts to explain away the defeat of their party, which is the only course left for them to pursue.

Gov. Hunks, Secretary Meredith, Senator Dix and Gen. Root, have all been elected by large majorities, and the Democratic party will have a majority of at least two-thirds in both branches of the Legislature. This is a glorious victory, and one which will produce a powerful effect upon the approaching elections throughout the country. It is a victory which will be hailed with joy by the friends of the Constitution and the Union, and will carry dismay into the ranks of their enemies. It is a victory which will be hailed with joy by the friends of the Constitution and the Union, and will carry dismay into the ranks of their enemies.

The Whig party in New York has been defeated on the issue of opposition to the Compromise measures, and the Democratic party has been victorious on the issue of support to the Compromise measures. There are the signals of the coming to the surface of the old Abolition Albany, the head quarters of the Abolitionists in the state of New York, and the headquarters of the Abolitionists in the state of New York are in Albany. The Abolitionists in the state of New York are in Albany. The Abolitionists in the state of New York are in Albany.
