L'ABEILLE DE LA NOUVELLE-ORLEANS, 30 Novembre 1859

CARNING SALMON IN ALASKA.

Some salmon fishermen are visiting the Russian settlements in Alaska. The salmon are not yet in great numbers, but they are coming in steadily. The fish are caught by means of nets and traps. The salmon are taken to the coast, where they are preserved by salting and smoking. The salmon are then sent to market in various cities.

THE GIFT OF RELIGIONS.

Dr. J. W. McGuffey is the author of the McGuffey Readers, a series of textbooks widely used in American schools. Dr. McGuffey was a Unitarian minister who believed in the importance of religious education. He wrote the readers to help children learn to read and to understand the Bible. The McGuffey Readers were sold at a low price, making them accessible to all children. The McGuffey Readers were widely used in American schools for over a century, and they are still used today in some schools.

PATENT PEWS IN ENGLAND.

Some patent pews have been introduced into England. These pews are designed to be adjustable, so that they can be moved to accommodate people of different heights. The pews are made of hardwood and are upholstered with leather or velvet. The patent pews are sold at a higher price than regular pews, but they are considered to be more comfortable and practical.

SHARP-EDGED SWORDS.

A sword has been invented in England that is sharper-edged than any other sword ever made. The blade of the sword is made of steel and is ground to a very thin edge. The sword is used for cutting and killing, and it is considered to be the most deadly weapon ever made.

IN FASHION'S REALM.

Some new fashions have been introduced into the United States. One of the new fashions is the wearing of hats with feathers. The hats are made of straw or felt and are decorated with feathers. The hats are considered to be stylish and fashionable, and they are worn by men and women.

A GREAT CASTLE IN MIDAS.

The Castle of Prince is one of the most beautiful castles in England. The castle was built in the 12th century and is located in the town of Prince. The castle is made of stone and has a moat and a drawbridge. The castle has a large hall, a great hall, and several small rooms. The castle is still in use today, and it is open to the public.

A FEWER.

The town of Afever is located in the state of New York. The town is known for its beautiful scenery and its recreational opportunities. The town has a large lake and several parks. The town is also known for its historic landmarks, such as the Afever Castle and the Afever Church.

COULD IT BE SPILL SAVAGE?

That was the name of the flags that sailed on the first voyage of Columbus to the Americas. The name was later changed to "Savages" when the Native Americans were called "savages" by the Europeans.

A BAY TREE SURFED.

A bay tree is a large tree that grows along the coast of the United States. The tree is known for its beautiful flowers and its fruit. The tree is also known for its wood, which is used for making furniture and other products.

HOME HEALTH RIFFS.

A person who is sick should rest and eat light food. The person should also drink plenty of water. The person should avoid smoking and alcohol. The person should also avoid strenuous exercise. The person should take medications as prescribed by a doctor. The person should also get plenty of rest.

PREFABRICATED BARN.

A prefabricated barn is a barn that is constructed in a factory and then transported to the site where it is to be used. The barn is then assembled on site. The barn is made of steel and wood and is designed to be durable and long-lasting.
