Centre College is situated in the immediate vicinity of Danville, a quiet and retired village, where there are few temptations to seduce young men from their studies, or allure them into vicious habits. The town and surrounding country are remarkably healthy. Danville is ten miles distant from our Hare-dubug Springs, the favorite watering place of persons from the south. The proximity of these springs affords to parents from that quarter, a favorable opportunity of occasionally seeing their sons who may be placed here for education.

The fact, that for years past, there has been a very preponderating religious and moral influence in the College, and village, presents a strong inducement to parents and guardians to send their sons and wards to this place as affording a strong guarantee for the safety of morals and correctness of habits.

During the last year, a large addition of philosophical and classical apparatus, has been received from the outward.

The Annual Commencement, at which degrees are conferred, will be held at the close of the session.

D. G. COWAN, Secretary.
