THE NEW-ORLEANS BEE

A. BENOIST de la Nouvelle-Orléans.

A Daily News-paper published on the 1st of August, 1862, nearly 50 pages per number, and extensively known throughout Louisiana and the neighboring States. The "Bee" is now published exclusively at New Orleans, and is the acknowledged organ of the Free Soil and Radical Republicans of the South. A very valuable family paper and especially recommended to those of our American readers, looking for guidance with regard to the present knowledge of the French language.
