DURATION OF THE CHARTER 50 YEARS.

THE Missouri Iron company was chartered the past winter by the Legislature of missouri, with a capital stock of $3,000,000, for the purpose of manufacturing iron in all its various branches, especially of railroad iron; the building and repairing of steamboats, railroad cars, mining, or other species of manufacturing, where by the interests of said Company may be promoted.

The Company are the owners of two celebrated Iron Mountains and several thousand acres of land in their vicinity. Their mountains lay 68 miles west of the Mississippi river and 86 miles south of the city of St. Louis Missouri. The same Company have a steamer for a railroad from the mountains to the river, and design immediately constructing said road, and erecting their necessary buildings for manufacturing iron, so that several hundred hands may be employed.—The Iron Mountains contain ore enough laying on the surface and exposed to full view of the same richness and purity with the specimens now exhibiting in the Arcade and French Exchanges, to supply all the wants of the United States for many thousand years. The ore is 60 per cent pure, and equal in quality with the best Swedish and Russia iron, and shall may be had by the Company in any quantities and at the cheapest rates, so that the Company will be able to manufacture and deliver at the Iron Mountain city on the Mississippi river, any amount of the best Iron in the world, for less than $25 a ton, and it there sold $75 a ton, a profit of $50 per cent above the original cost will be realized. Common Iron is also found in the west and south from 8100 to $150 a ton.

The stores in the Missouri Iron Company are $100 each, only 20 per cent of which will be necessary to be paid in cash by any subscriber, the balance to be paid at 12 months, and putting the whole into full operation, when in operation the lowest amount of dividends that is expected to be made to stockholders, is 50 per cent on each share, which will be 100 per cent yearly on the amount of money paid in.

1000 Shares of the Stock will be sold at the Arcade Exchange on Saturday the 22d inst. at 12 o'clock, by ISAAC L. McCOY.

20 per cent on each share will be required to be paid on the transfer of the stock to the purchaser—and no more per Shares, to be paid by the order of the Board of Directors.

E. L. VAN DOREN, President.

N. B. The President of the Missouri Iron Company may be seen each day until 3 o'clock P. M. at the City Hotel. (Mr. Richardson) building lots may be be purchased of the subscriber at private sale in the Iron Mountain city situate at the foot of the Iron Mountain.
