NO. 12 %, Vol. X. NEW SERIES, Vol. X VIII Whole No. 6305. OFFICIAL PAPER OF NEW-ORLEANS, SATURDAY MORNING. AUGUST 10, 1850. THE STATE PONTCHARTRAIN RAILROAD.

It is intimated that the management of the Pontchartrain Railroad is about to be entreasted to new parties, and we are told that some sweeping reforms are contemplated, by which the interests of the stockholders and the convenience of the public will be materially pionote ed. We shall rejoice to without any improvements in this matter, as affects any improvements in this matter, as affects any change in the present regime must be for the better. One of the earliest reforms to be carried into effect should be a reduction in the rates of conveyance, which are smow exhorbitant. The price of a trip to Mandeville, some 30 miles from the gity, is fifty cents, for which amount a delightful voyage and an excellent and toothsome repast can be secured, while in order to reach the boat, by means of a railroad extending some four miles, and having miserable and comfortless cars and a very slow locomotive, 25 cents are exacted. In the Carrollton railroad which is 6 miles in length and is in every respect better provided with cars, passengers are transported for 15 cents; and by the way we may mention, that at this moderate rate, the travel on the road has been so vastly augmostied that it is sometimes hardly possible to accommodate parties. We should say that one dime is quite a sufficient compensation for a ride to the Lake on the Potchartrain Road, and we hope that the price will be reduced to that sum. The directors and the great of parties of the sum of the care to speak of Southern institutions and the agricultural respective of the travel of the reduced to the sain. After compinenting the room, the same miles of the political disputes and differences between the Potchartrain Road, and we hope that the price will be reduced to that sum. The directors are and an advery should say that one time to the political disputes and difference between the Potchartrain Road, and we hope that the price will be reduced to that sum. R.
