45 Years Before the Public. THE GENUINE DR. O. McLANE'S CELEBRATED LIVER PILLS, FOR THE CURE OF Hepatitis, or Liver Complaint, Symptoms of a Diseased Liver.

DRAIN in the right side under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is unable to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism; the arms and stomach is affected with loss of appetite and sickness; the bowels in general are costive; sometimes alternative with laxity the head is troubled with pain, accompanied by a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied by a painful sensation of having left undone something which ought to have been done. A slight dry cough is sometimes attendant. The patient complains of weakness and debility; he is easily startled, his feet are cold or burning, he feels completely worn out, the pulse is slow; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude to take a walk.

AGUE AND FEVER. Dr. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, which taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequalled.
