As枕头 in the footsteps of the Robbie

General of United States Army

State of Preservation

The mystery was almost com-

plete when the body of the man

was discovered in the room where

he was found dead. The name of

the victim is N. A. Johnson, and

he was a member of the Indian

tribe who had been at work in the

factory for several years. The in-

vestigation is being conducted by

Detective Sergeant J. W. Childers,

who is in charge of the case. The

body was found in the room where

he was employed, and the inquir

ers believe that the cause of death

was suicide. The man had been

seen by workmen in the factory

previously, but it is not known

whether he was in good health or

not. The body will be examined by

a coroner's jury, and the inquir

ers believe that the cause of death

will be discovered in the course of

the investigation.
