SEA SERPENT REAL

Hiram Maxim Is Firm Believer in Monster.

Former Senator and inventor thinks Time Has Gone When Monster Was Considered a Hysterical Issue—Two Heads Seen.

Philadelphia (AP) - Hiram Maxim, former United States Senator, is a firm believer in the existence of the monster in the sea, according to his statement to the American Geographical Society here to-day. He holds that the monster or the 'sea serpent' is a real animal and that the existence of such an animal is proven by the fact that many people have seen it and that it has been photographed.

Mr. Maxim said that he had been to the sea and had seen the monster himself. He said that he had seen two heads of the monster and that he had taken photographs of it.

GOOD FEED FOR THE INDIAN

Catfish Feat in Home Library to Be Featured in New York Art Department for the White.

Noted in New York art circles is the fact that the American Indian has become a favorite subject of the art world. A number of artists have been working on Indian themes, and many new prints and paintings are being exhibited in galleries and museums.

The catfish, which is a favorite food of the Indian, is being featured in the home library of a New York art dealer.

REAL LAND OF THE AUTOMAT

Chicago, Ill.—The wide-open-land question, which has been a problem to the West, has been solved by the discovery of a new land near the Mississippi River. The land is said to be a real land of the automat, and it is being offered for sale by the government.

The automat is a machine that can produce food and clothing. It is said to be able to produce food and clothing in large quantities, and it is being offered for sale by the government.
