PEASANTS OF SOUTHERN ITALY.

Dear Sir,

Am very sorry to hear of the recent disaster in Southern Italy. It is a great pity that so much suffering should have taken place.

Kindly convey my sympathy to the survivors and the families of those who have lost their loved ones.

Yours sincerely,

[Signature]

L'ABEILLE DE LA NOUVELLE-ORLEANS.

LAPLAND HAS MANY RESOURCES.

Lapland, the land of the midnight sun, has many resources. Considered one of the most remote regions of the world, Lapland is characterized by its vast forests, meadows, and lakes. The area is known for its rich wildlife, including reindeer, wolves, and bears.

The region is also rich in minerals, including iron ore, nickel, and copper. These resources have been a driving force in the Lapland economy, contributing to its development and growth.

In addition to its natural resources, Lapland is also known for its cultural heritage. The Sami people, who are indigenous to the region, have a rich history and traditional way of life that is unique to the area.

LITTLE NURSE DROVES HOME.

Summary of New Article in American Doctor's Report.

One recent article in the American Doctor's Report discusses the role of nurses in medical care. The report highlights the need for more nurses in hospitals and clinics to provide quality care.

The report points out that nurses play a crucial role in patient care, with many tasks ranging from administering medications to monitoring vital signs. The shortage of nurses in many areas has led to increased patient wait times and decreased care quality.

The report recommends increased investment in nursing education and training to address the shortage. The hope is that by providing more opportunities for nurses, the shortage can be alleviated and patient care can be improved.
