

Zxhelt: Definition – the highest level of achievement in any and all fields; the greatest at all tasks and levels of consciousness. Zxhelt can only be attained or held by one individual as there can be no greater than he who attains a state of Zxhelt; the most wonderful, most loving, most huggable, the most gorgeous, the most caring, the most intelligent, the most fabulous, the most sensational, the most insightful, the most thoughtful, the most humble, the most incredible, the most giving, the most splendid, the kindest and most considerate, the most loyal. Zxhelt is a level of achievement in all things at all times never to be excelled by another. Zxhelt is currently held by 41 year old Dr. David Robb of Fife, Scotland.
