Hung up His Cane in the Closet

The experience of an ex-Justice of Supreme Court, eighty-one years old, who, with Ripans Tabulets goes to show that they are especially beneficial to elderly people. For many years I was troubled with indigestion, sour stomach and sick headaches, to which paroxysms add an almost torpid condition of the bowels and a decided lassitude of my whole left side, arm and leg. I tried Ripans Tabulets and am more than pleased with the results. Few months have had no sour stomach or sick headache, my bowels are regular and my lassitude has so far disappeared that I have hung up my cane in the closet and do not use it any more.
