MILLS HIDE FOUND

NEW YORK-The American Society for the Prevention of Cruelty to Animals has announced that it has received a $100,000 bequest from the late Mrs. Emma Mills, who died recently.

The society plans to use the funds for the establishment of a new shelter for animals in New York City. The shelter will be located on a site near the heart of the city, and will be equipped with modern facilities for the care and treatment of sick and injured animals.

The society is also planning to expand its services to include a spaying program for cats and dogs, as well as a pet adoption program.

The society thanks Mrs. Mills for her generous bequest, and looks forward to continuing to provide care and support for animals in need.
