**“Magical Realism Reconsidered: Survey of Spanish-American Literature since the 1820s”**

wikipedia project

For this assignment (worth 20% of your grade), you are to sign up with Wikipedia (either in English, <http://en.wikipedia.org/>, or in Spanish, <http://es.wikipedia.org/>), acquire a username, and in groups of two or three collaboratively work on revising a Wikipedia article relevant to the course topic.

Your aim is to improve your article sufficiently so it gains at least “good article,” and ideally even “featured article” status.

*Grading*

Half your grade for this assignment will be decided by your fellow group-members. The other half will be decided either by me, or (if you have gained “good article” or “featured article” status) by your objective improvements to the article.

*First steps*

Once you have a username, go to <http://en.wikipedia.org/wiki/WP:MRR> to sign up for a group and indicate you are a member of the project. More details are available there. If you wish to edit in Spanish, sign up at or <http://es.wikipedia.org/wiki/PR:RMR>. You should also email your username to me. *Do this by classtime, Friday January 8.* In either case, my own username is jbmurray.
