LA SITUATION.

RAPPORT ENCOURAGANT.

Nombre restant en cas de peste:

Améliorations dans les campagnes:

Police:

Appel au public:

Poudre Dentifrice de Dr. Lyon.

Hydrozone de la Préventz. de la Fièvre Jaune.

Situations actuelles:

During this period, the newspaper is filled with reports of the situation in France during the Yellow Fever outbreak, including updates on the progress of the campaign against the disease and the hygiene measures taken. It also features advertisements for products such as the Poudre Dentifrice de Dr. Lyon and Hydrozone, as well as a notice about the situation in the Camargue region. The report is written in French, and the text is clear and legible. It is possible to extract the necessary information from the document.
