

## VISHAAL BEHL

### ONE

Vishaal Behl, a pure soul was brought up in India. When he was young he received a “**Call from God**” and he became an evangelist. Vishaal used to visit church regularly and thus was guided by Lord Jesus to read Bible. He relays Lord Jesus views to people all over the world. He adopted baptism in India and preached Gospel(GOOD NEWS OF KINGDOM) all over India. As God has spoken to Vishaal to proclaim His Gospel to the nations.

Vishaal says God heals people with his charm, and does amazing notable signs and wonders. He believes he has been chosen by God who is using him to bring healing to the sick, set the captives free, and bring Heaven to Earth.

Vishaal and his ministry “ Fire of God Ministry” is giving fresh Touch From God. Many people have been healed, delivered, and set free through his ministry.

Enid Behl, Vishaal's wife has been always in his support for evangelism. Vishaal and his wife rooted the seeds of Fire of God Ministry. They feed people and provide clothing to people on streets. Their School Ministry is providing free education and snacks to around 35 students from slum areas.

They have a future vision to have churches, open up orphanages, old age homes and free dispensaries and hospitals and are working progressively for it.

Vishaal believes there are many people who are completely broken in life and depressed, looking for the ray of hope. This young evangelist and his team prays for these people. Their prayers' are to reach the lost at any cost and bring them to Jesus.

“It has been such an awesome journey to see people give their lives to Jesus. Jesus is the Answer.” - Brother Vishaal

### TWO

Brother Vishaal Behl is a young evangelist, who believes he was preached by Jesus. One miraculous night Vishaal heard a voice in his spirit. Vishaal was amazed to hear that voice. The voice directed Vishaal to go and sit on the internet and chat. It was through internet that he was preached the Gospel by somebody. When Vishaal heard the Gospel and understood the work of Christ for His soul, he was convicted that he is the worst of sinners and he needs Jesus. He bowed his knees to Jesus and repented and confessed Jesus as His Lord, His Father, His Savior, His God, His every thing. After he received Jesus, his life totally changed. With this miraculous encounter with the Lord Jesus Christ His Life and Destiny transformed forever.

Vishaal and his better half Enid Behl the young evangelist in Portland Oregon are working with Destiny Christian Fellowship. With a simple non-aggressive way they approach people and share the GOSPEL and help those who are lost find their way to Jesus who loves them so much. They preach the Gospel of Jesus is so powerful that it turns the dryness into green pastures.

**Operation Liberty** is a team led by this wonderful and “On Fire” Couple. They are now training and teaching people from churches how to lead people to the Lord! People with

cancer, lupus and other sicknesses and diseases have been miraculously healed!!!

You can listen to his sermon at

### **THREE**

Vishaal Behl started his life as evangelist in India where he preached Gospel all over India. He attended conferences in Nainital, Lucknow and many other places. In the beginning he visited as Guest Speaker and slowly became the main preacher.

He healed many people who came to him. He prayed for all and with his prayers deaf could hear and lames could walk.

From the life of Vishaal

"A lady from Lucknow approached Vishaal. She was barren. She visited a lot of doctors but there was none who could help. Brother Vishaal prayed for her and told her she would be blessed with a son 'Joshua'. An year later Vishaal got a call from the lady saying Joshua is born"

To grow in Lord he moved to Portland Oregon. He searched for the churches and found DESTINY CHRISTIAN FELLOWSHIP. The church family found the spark in him and saw his closeness to Lord Jesus and then starting from a Guest Speaker in the church he became a part of Operation Liberty where since January 2011 100,000 people have been saved.

Healing and Miracle meeting "Touch From Heaven" was held by Vishaal Behl at Happy Valley Oregon as a Speaker where he told about his **miraculous encounter with the Lord Jesus Christ that transformed His Life and Destiny forever.**

### **FOUR**

Vishaal Behl, a very kind and helpful man who believes in helping people with no expectation for getting any return back was brought up in India. Vishaal believes Jesus laid His hands on Him and he was baptized in the Holy Spirit. Since then he started experiencing the Power of God in His life. His life has completely transformed. His only mission of life is to preach the Gospel with signs and wonders to the world. Vishaal is going on with the Mission of God and no matter what it takes; he has determined to fulfill it. Even if it takes his life, he is ready for the sake of the Gospel.

After accepting Jesus in His life he has become a completely different person. He believes The Lord has called Vishaal for the work of the ministry. Vishaal was doing jewelry business in Norway. One day, when Vishaal was in Norway; the Lord spoke to Vishaal and said that jewelry business is not for him but Lord's ministry is for Vishaal. The very same day Vishaal stepped out of his business and came back to India and prepared for the work of the ministry. He and his wife Enid Behl moved to Portland Oregon and became member of Destiny Christian Fellowship. They approach people and share the gospel and help those who are lost find their way to Jesus.

One day on his way to God Vishaal met a man who had hernia and was in terrible pain. He said he was supposed to go through a surgery. Vishaal and his team members of Operation Liberty prayed for Him and the Lord miraculously took the hernia away. He pushed again and again in the area where there was hernia and the man was amazed that the pain left him completely. The man came to Jesus. Jesus is so amazing.

Character comes before any ministry. Wrong people can not even touch the ark. If you want God to use you in a mighty way seek His Presence, His Person and let Him mold you. Do not just go after the power but Go after Jesus. Just SEEK HIM with everything you got, do not let your issues go on, let the Lord deal with them before they become a snare. His Presence is the answer. - Brother Vishaal Behl
